

WHO WE ARE

Guys And Girls Next Door (GND) is a new and innovative matchmaking company in Bellevue, Kirkland, and Seattle, Washington.

HOW IT WORKS

We first help our members look at themselves objectively using a personality assessment. We then proceed to match them on Traditional Dates or Group Dates based on their interests, personality types, and membership profiles.

YOUR NEXT STEP

We have two membership levels. We are sure one is right for you or your single friends, family and business associates.

Meet People. Not **Their** Profiles.
