

Allsup Medicare Advisor® Offers a Smooth Transition to Medicare

Allsup Medicare Advisor provides the expert knowledge and guidance you need to clearly understand all the Medicare coverage options that are available, and evaluate which work best for your specific medical and financial needs. If you're retired, still working at age 65 or older or unable to work due to a disability, but are still covered under your employer's health plan, Allsup can help ease your transition to Medicare coverage. Our experts will ...

- Simplify the process of selecting and enrolling in the right Medicare plan.
- Identify and assess your specific healthcare needs and preferences.
- Analyze the many available Medicare Advantage and Medigap plans in your local area and compare them to traditional Medicare options, as well as your employer's plan
- Evaluate plan provider and coverage options base on quality ratings and overall plan costs.
- Easily understand Medicare costs such as premiums, deductibles, copays, gap coverage and coverage limits

About Allsup

Allsup is the leading nationwide provider of Social Security Disability Insurance (SSDI) and Medicare services. We specialize in helping individuals gain the financial and health benefits to which they are entitled, and have decades of experience navigating complex programs. More than 600 knowledgeable professionals are committed to the specific needs of our customers. With our expertise and assistance, you'll be better prepared to make a more informed decision about selecting the Medicare coverage that's right for you.

Allsup Medicare Advisor Saves you Time and Money

- Simplifies a complex process and provides peace of mind—our experts handle the complexities of finding the right Medicare plan for you
- Reduces out-of-pocket healthcare costs
- Minimizes potential risks of severe financial hardship caused by having the wrong healthcare coverage

How Allsup Medicare Advisor Works for You

Our Medicare specialists will guide you through a personalized review of your Medicare options. Based on your unique situation and healthcare needs, you'll receive a detailed, customized report that clearly communicates and compares the best available coverage choices that most closely match your expressed needs. This easy-to-understand Medicare report includes:

- An overview of your individual healthcare preferences and coverage needs, including a listing of your physicians, medical facilities and prescription drugs
- A detailed comparison of your employer-sponsored plan with traditional Medicare, top selected plan providers, coverage options and quality ratings that best meet your stated preferences
- A summary of next steps to be taken (for example, selecting and enrolling in a Medicare Advantage plan)
- An explanation of future events (for example, changes in plan benefits) that may require a new Medicare coverage review
