**How might your life be  
different if...**

**...there is finally  
enough time for you?**

Experience an extraordinary weekend with acclaimed author and wise woman Judith Duerk.

During this retreat of reflection, connection and rejuvenation, Judith draws us into a meditative and healing experience of the archetypal Feminine.

*Some seeds are planted in the Spring Time and bear their fruit in the late Summer. But other, special seeds, are planted in the quietness and darkness of the Winter to germinate. These special seeds are planted, not in Mother Earth, but deep within our Selves to help us grow and ripen. These are seeds we have received from special times in our lives, times of joy or sorrow, times that have moved and changed us. In this Autumn Retreat, we will take time to consider these seeds and the ways we want to grow them...*
