

## Carlsson launches a personalization programme for the second generation Smart Fortwo rang

### Featured Products

#### Alloy Wheel 7,5x17 (RA)

The Carlsson Light Alloy Wheel 7,5 x 17 (RA) was designed as its signature wheel for the Smart car. It's their first stop on the road to making this diminutive city car stand out from the crowd. With 7.0J x 16-inch and 7.5J x 17-inch sizes front and rear, the shimmering, polished then high-gloss varnish coated surface of the 1/11 Evo BE alloy wheel catches the eye whether the car is stationary or on the move. Carlsson recommends 195/45R16 tires in front and either 215/35R17 or 205/40R17 tires at the rear. Includes polished hubcaps.

#### Aluminum Pedal Set

The Carlsson Aluminum Pedal Set is made from high grade aluminum and adds individual style to the interior of your Smart car. Features Carlsson logo. Includes brake and gas pedal only.

#### Fog Light Unit

The Carlsson Light Alloy Wheel 7,5 x 17 (RA) was designed as its signature wheel for the Smart car. It's their first stop on the road to making this diminutive city car stand out from the crowd. With 7.0J x 16-inch and 7.5J x 17-inch sizes front and rear, the shimmering, polished then high-gloss varnish coated surface of the 1/11 Evo BE alloy wheel catches the eye whether the car is stationary or on the move. Carlsson recommends 195/45R16 tires in front and either 215/35R17 or 205/40R17 tires at the rear. Includes polished hubcaps.

#### Front Spoiler

The Carlsson Front Spoiler is made of polyurethane and includes the Carlsson logo. This Front Spoiler adds style and increases downforce. Ships primed and ready to paint.

#### Grill Inlet

The Carlsson Grill Insert is made of electro polished stainless steel mesh and fits to standard front bumper.
