Visit our Website and discover which enclosure will fit your projector.

Custom Enclosures

Need an enclosure for Outdoors, Industrial, Commercial, Residential, Food and Beverage, Manufacturing, Projector Enclosure with Air Conditioner, Stainless Steel Enclosure, Aluminum Enclosure, etc.

Our Design and Technical team will design an enclosure that will fulfill your unique needs and desires .

Typical build time is 2-4 weeks.

What is your biggest projection need?

DO YOU WANT TO...

- Keep a projector from overheating?
- Put a projector in an otherwise harsh environment?
- Protect a projector from damaging elements like cigarette smoke, extreme heat, extreme cold, rain, snow, dust, humidity, etc.?
- Extend your bulb and projector life expectancy?

WE CAN HELP WITH ALL THESE CHALLENGES AND MORE!

ENVIRONMENTAL PROJECTOR ENCLOSURES protect your projector in otherwise damaging environments, including dust, smoke, heat, cold, moisture, etc. Your new projector enclosure will extend bulb life many times beyond published ratings. Our system lowers the overall operating temperature which preserves and protects your bulb from potentially damaging atmosphere.

BENEFITS OF ENCLOSING YOUR PROJECTOR

- Protect Electronic Components
- Extend Bulb Life
- Significantly Lower Maintenance Costs
- Extend Projector Life Expectancy
- Drastically Reduce Downtime
- Install a Projector where you want it, no matter the application
- Reduce Potential Projector Vandalism and Theft
