

**How to build the foundation for a
\$200,000 a year income from
13-Months as a DIAMOND
with FM**

A **Diamond** in **FM** is currently coming up to \$200,000 a year in **ROYALTY INCOMES** and they have been able to receive all the cars and they have

FINANCIAL FREEDOM

MINI S ClubMan
Pearl Orchid

Mercedes C class
Amaranth Orchid

FM Group World Car Bonus Program

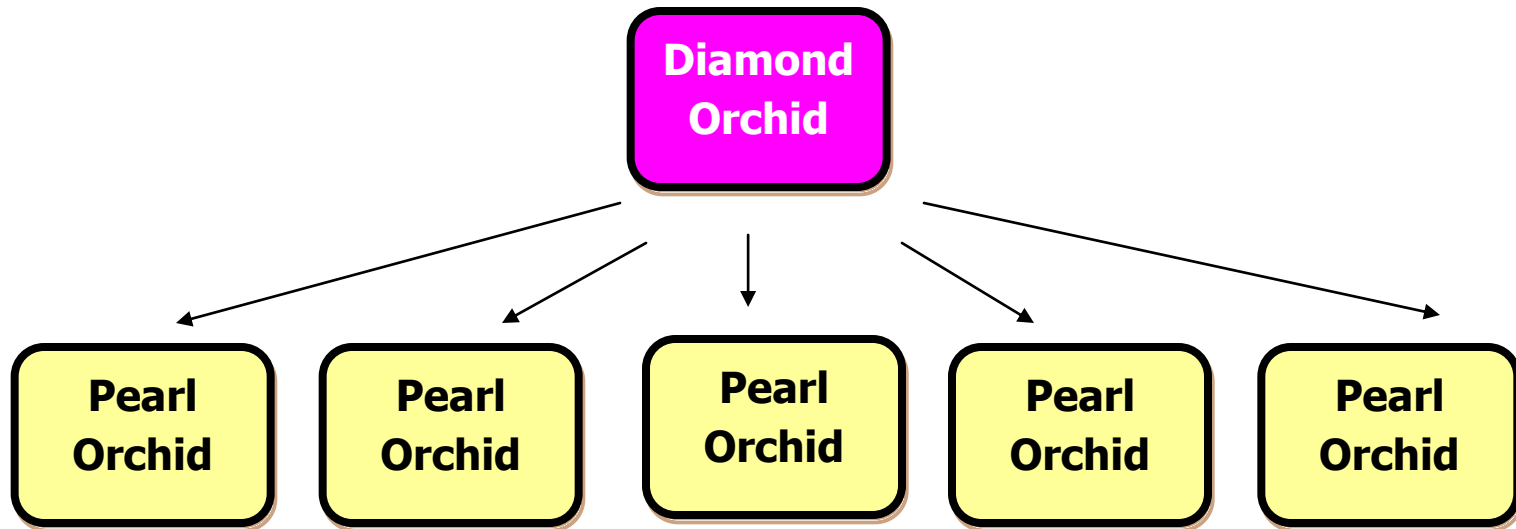

Mercedes E class
Golden Orchid

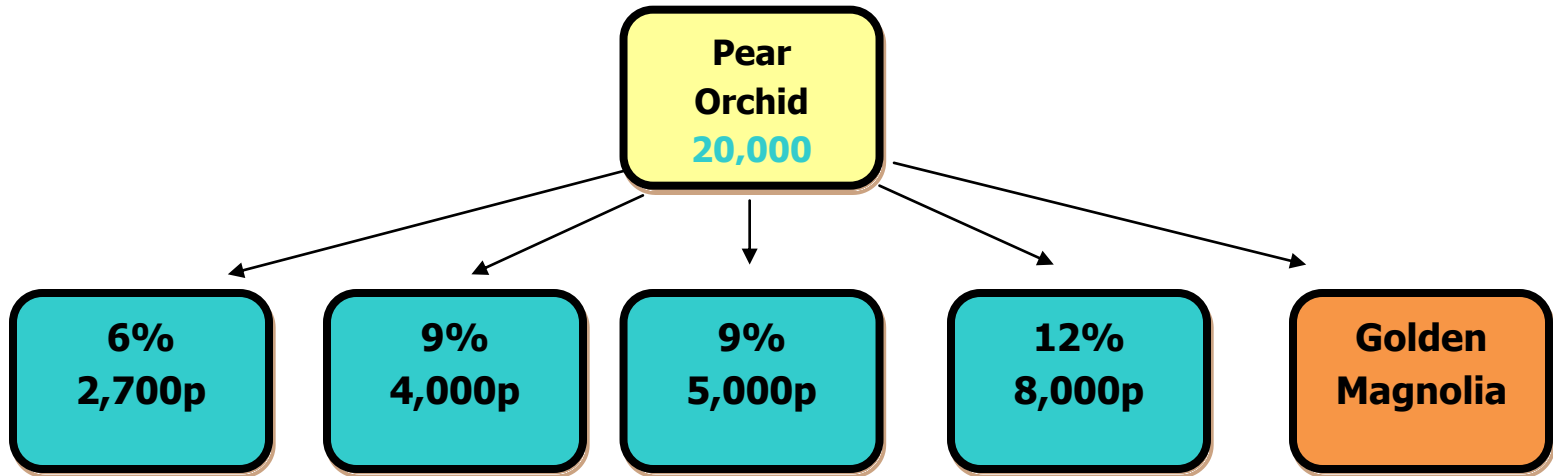

Mercedes S class
Diamond Orchid

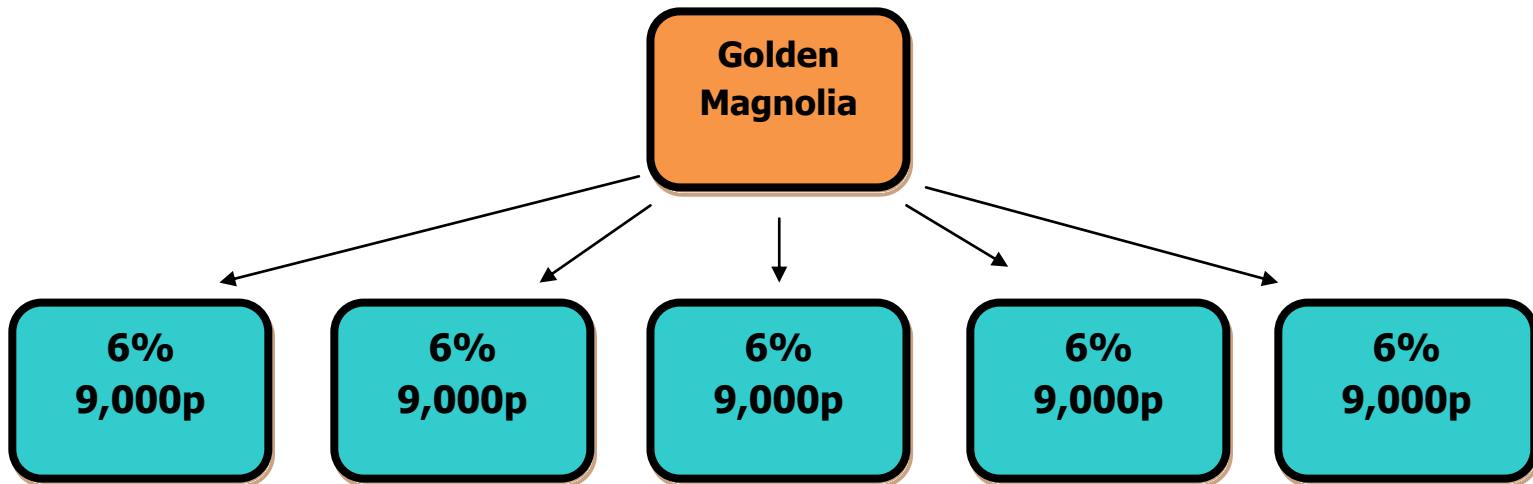

The plan says that to be a **Diamond Orchid** you need **five Pearl Orchids**

And to be a **Pearl Orchid**
you need one **21%** group
AND 20,000 points side volume

**21% is a total of
30,000 points group volume**

30,000 points is just **100** people doing **300** points each
So it starts with **YOU** doing **300** points **EVERY MONTH**

Because, if **YOU** don't do it ... How can you expect anyone
else to?

YOU
300p

The new recognition pins reflect this ...

Pawel Zalewski

300 point Consistency Pins: for 1, 3, 6, 9, 12, 15, 18, 21 & 24 months.

Make doing your own personal 3% every month a matter of personal pride

Understand that **DREAMS are achieved from this *small* step**

We all know that ...

FM Group products carry an average immediate profit of 33 %

- **You buy at \$21.00**
- **You sell at \$30.00**

****Average price of similar
quality designer brand = \$80.00****

**For example: 9 bottles sold = \$81.00 plus bonuses which you
can easily do just working at home!**

And that, whichever method you chose – sales are **EASY** to do ...

Have your sample case and Fragrance Family sheet with you and ask...

What's your favorite fragrance?

Find our fragrances on the sheet and say ...

Try these ...

Then ask ...

What do you normally pay?

Explain our guarantee & tell them ...

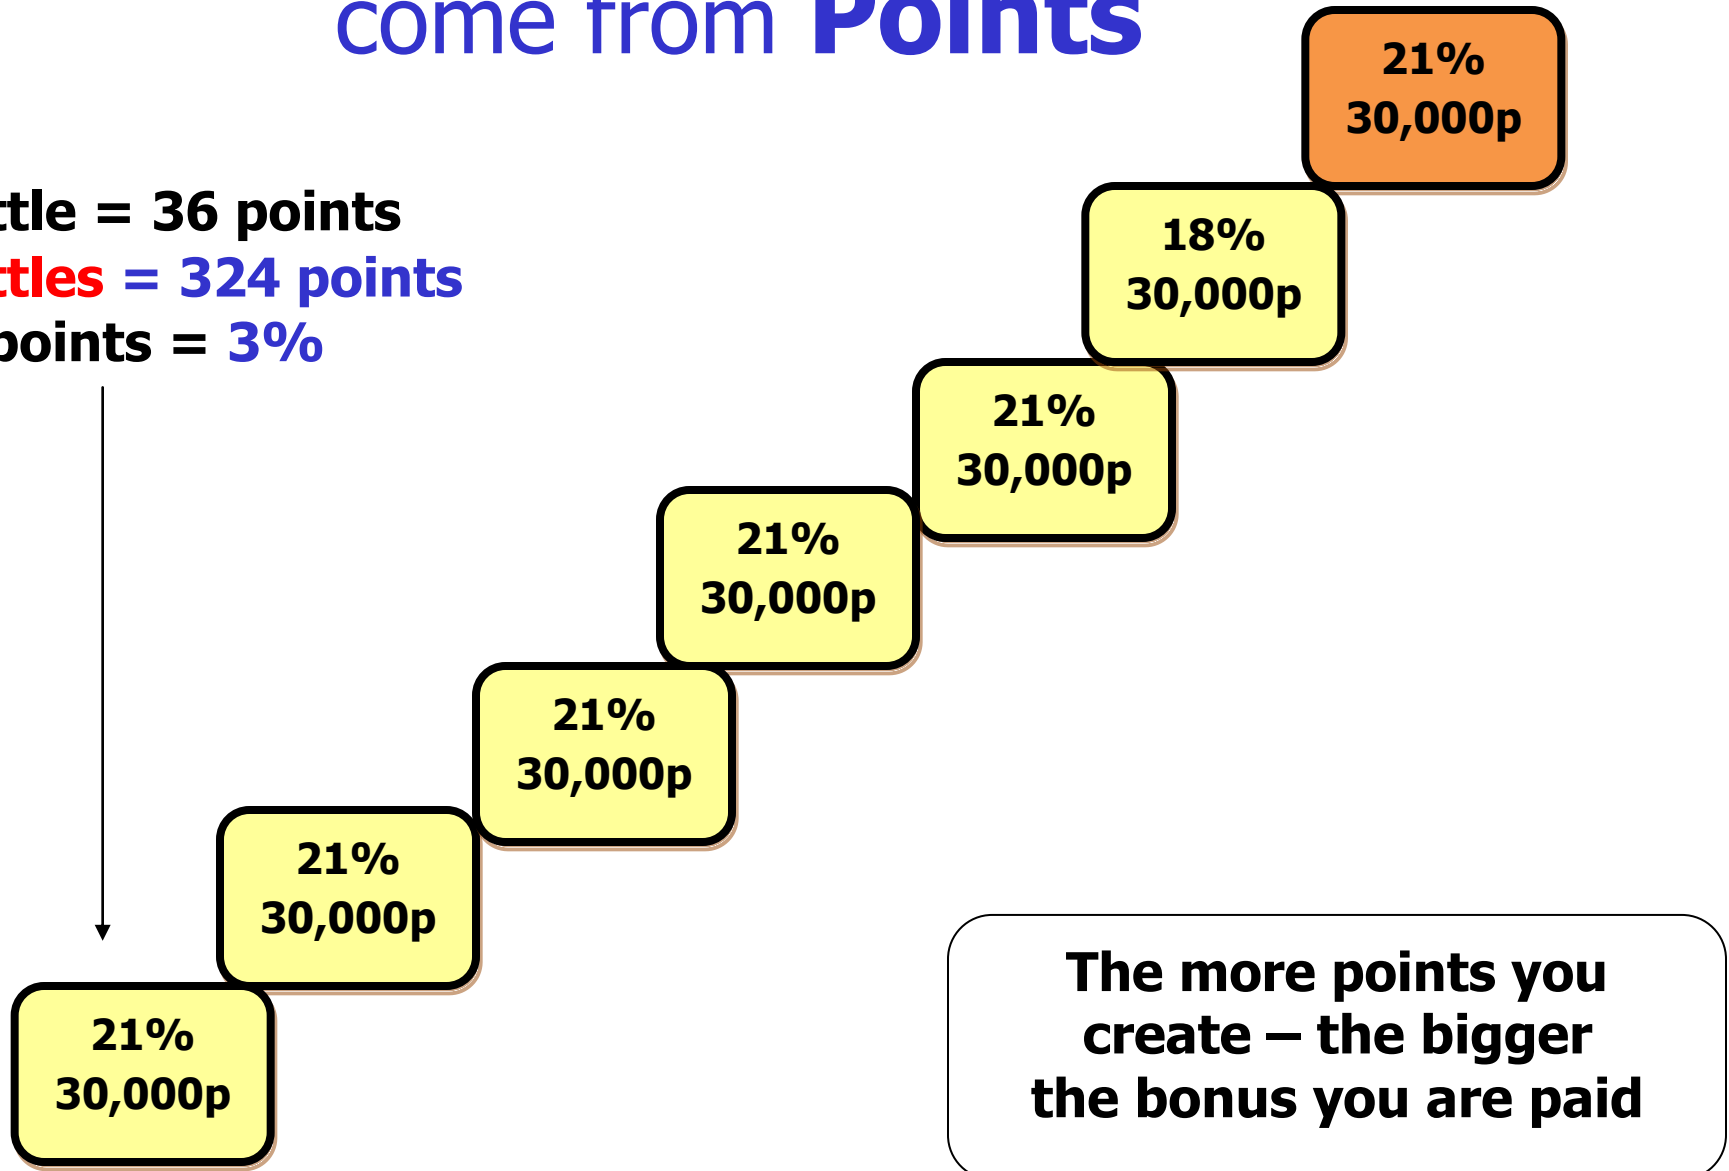

Well ... these are \$30.00!

It really is that simple!

And we know that additional incomes come from **Points**

1 bottle = 36 points
9 bottles = 324 points
300 points = 3%

**Can you move
9 – bottles?**

Party Planners can do this at one party

Commercial sellers can do this from one office

Presenters can do this in one day

**But what about others who just want to 'Network' or who are 'allergic'
to selling?**

Simply commit to using your own product

One person can easily use 100 points per month which equates to about \$63.00 and is tax deductible

Then you cover the cost of your own usage by selling 200 points worth per month

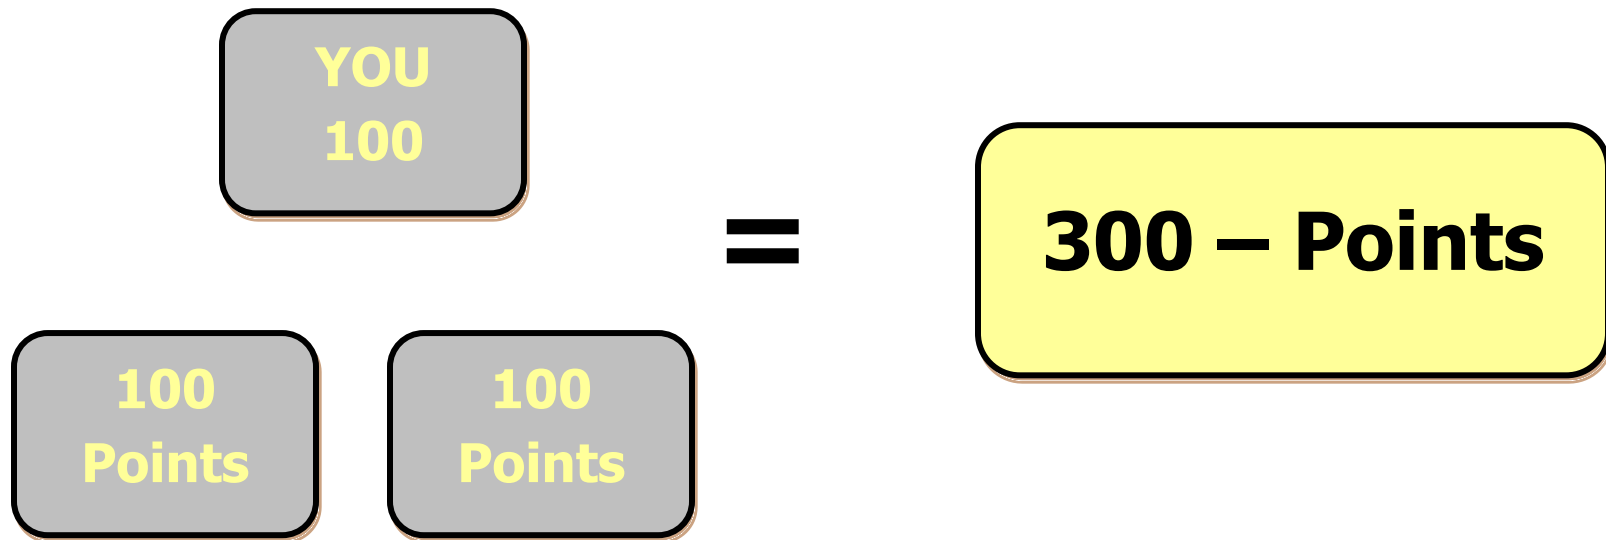

That's just ...

1-bottle a week!

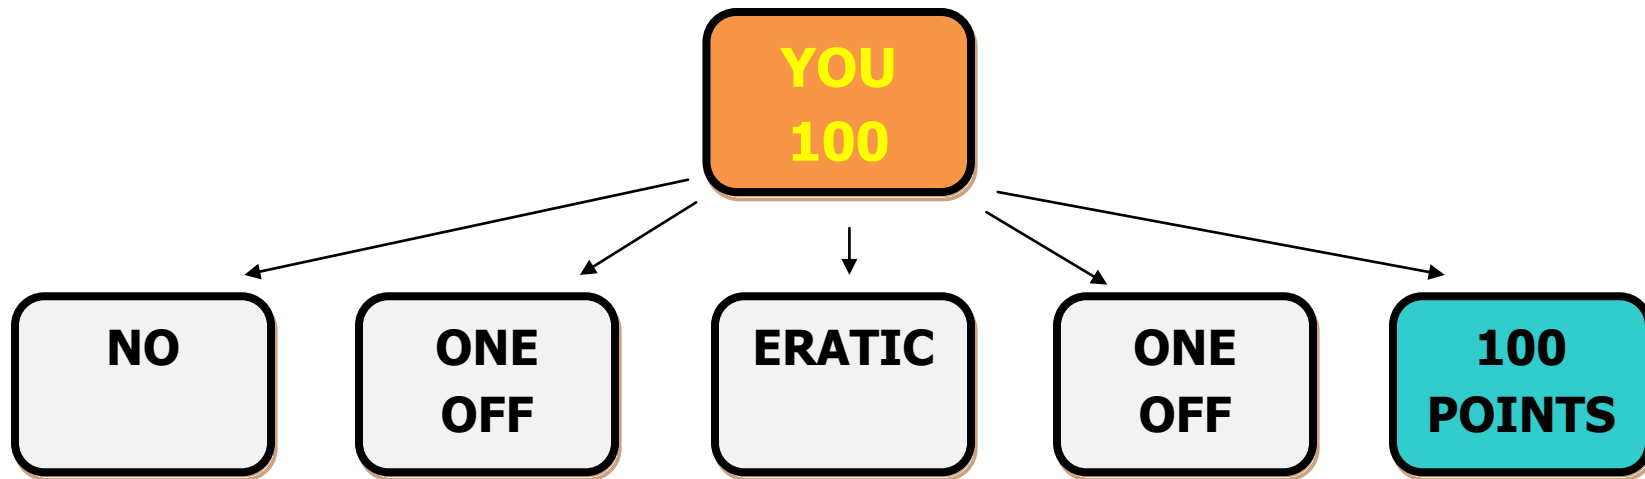

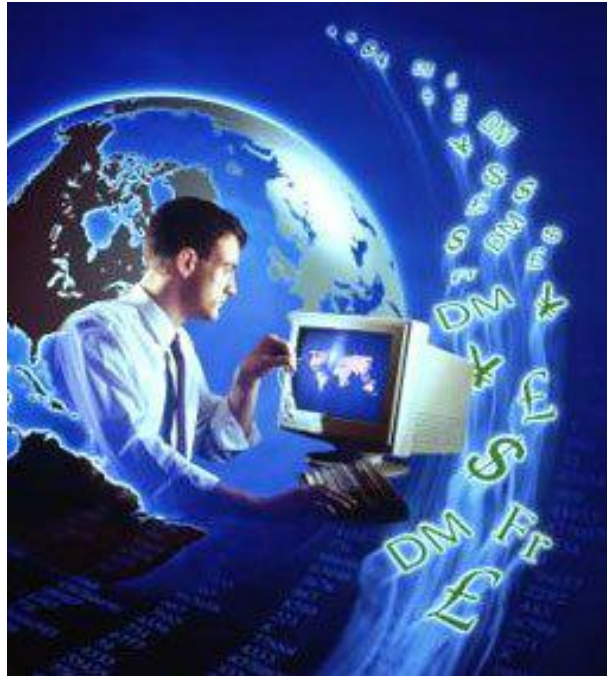

At distributor prices, you can save MORE than **60%** against what you pay in the high street

Sell **1-bottles per week** until you find at least **2 Regular Customers** who also like making great savings with top quality fragrances and duplicate you by ordering 100 points per month

To get **1** customer who
copies you by using
100 points, you'll need
to show at least
4 others

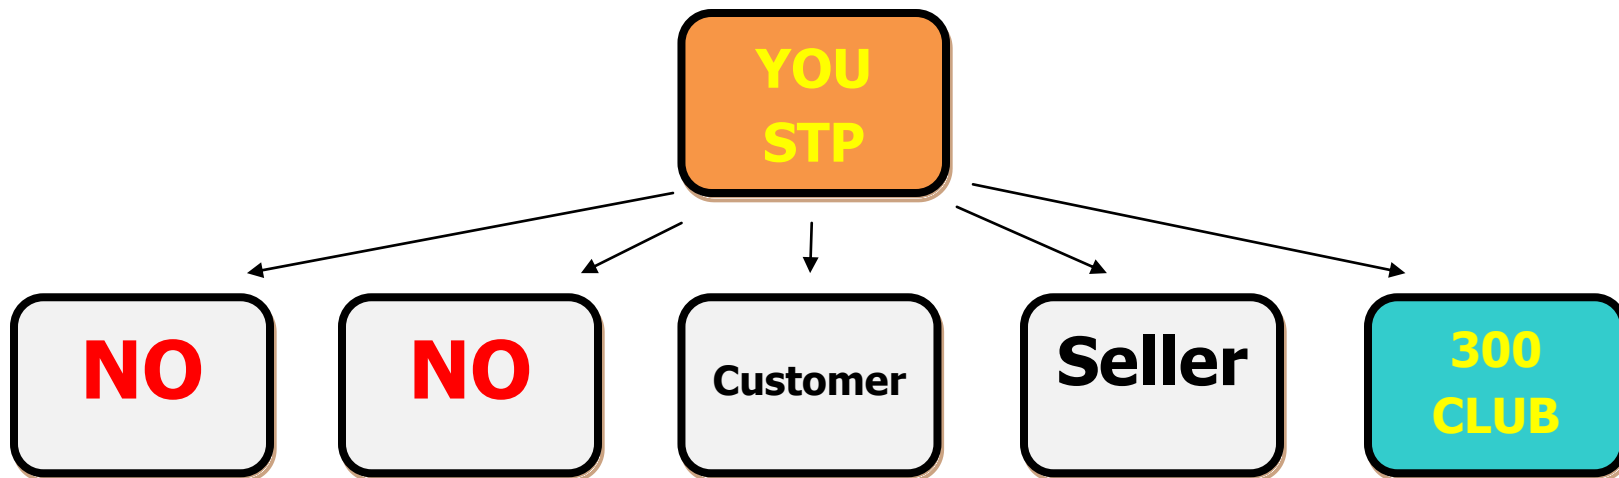

Let's see what happens when you share this concept with other people who want to make great incomes and will **copy you** ...

You and everyone in your team introduce *one* person each *month* ...

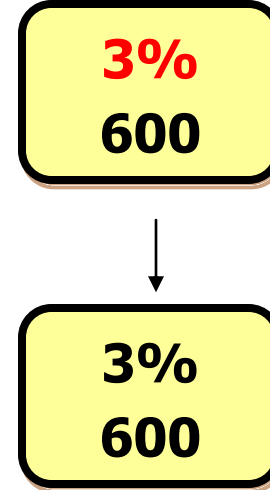

To sponsor **1** who copies
you, you'll need to
show at least **4 others**
