

Intrigue™ Film

REAR PROJECTION FILM SCREEN

CLEAR HOLOGRAPHIC FILM

The Intrigue rear projection film is a clear and colorless screen that gives a holographic or floating image with no specific projection angle required.

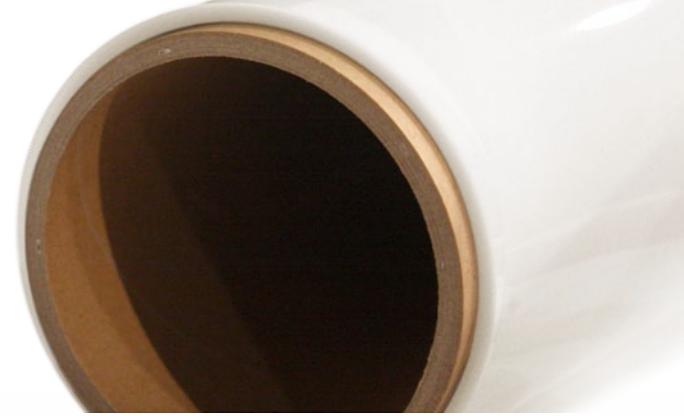

Intrigue projection film can be applied to any glass or acrylic surface with a simple installation process

Intrigue holds impressive bright images and has wide viewing angles .

Large sizes up to 122" 16:9 and 100" 4:3 or full rolls (60"x33') to make larger tiled displays.

All SSI film screens adhere to any glass or acrylic, just like a window tint.

- Installation is a simple process requiring only a spray bottle and hard squeegee.
- Use of distilled water is recommended.
