

Smart Space Tables

An Innovative Collection of Beautiful, Portable, Space-Saving Banquet and Catering Furniture For Hotels, Bars, Restaurants and Catering Facilities.

Each of our attractive and modernized portable Smart Tables are constructed of unbreakable Plexiglas and lightweight but sturdy metal.

They are:

- Completely portable and safe to maneuver.
- Set up and tear down time takes 1/10 the time of standard furniture!
- Multi-functional and versatile with panel branding and personalization

Take maximum advantage of meetings, events and banquets by controlling theme and changing multi-color lighting built into each table! Any Smart Table serves as the centerpiece to client gatherings, and guests will be drawn to the impressive clean elegance. Classy and safe mobility, Smart Space Products™ are the most unique and innovative solution to your hospitality needs.

All Smart Space Products come with the most innovative cordless LED lighting technology. You can select color changing options by remote control in the palm of your hand!
