

EyeStep

EyeClick's Magical Interactive Floor!

EyeStep magically transforms any floor area into a dazzling interactive display. EyeStep stops people in their tracks as the surface comes to life and reacts to passers-by presence and gestures. EyeStep is engaging and exciting, ideal for captivating target audiences and creating a "wow" effect people won't forget. Its ideal for **retail environments, trade shows, museums, lobbies, open spaces** and **visitor centers**.

EyeStep includes a large variety of ready to go, customizable templates you can integrate your existing content in to. If you have a specific idea, our first class professional and creative services can tailor EyeStep to create that special effect or theme you had in mind. It's easy to setup, assemble and control.

Product Highlights and Features:

- Stop people in their tracks – Visitors and passersby are always surprised when the floor changes and interacts with them.
- Ideal for any indoor location – Use EyeStep at **trade shows, retail environments, visitor centers, museums** or at your **corporate headquarters** for an unforgettable effect.
- Includes a large variety of ready to use templates for easily creating new applications and games.
- Customized solutions available for any need – EyeClick's first class professional team can tailor EyeStep to create that special effect or unique idea you have in mind.
