FREE SUPPORT FOR YOUR GROUP.

INTERTECH

USER GROUP SUPPORT

Intertech understands that a sound technology community benefits all of us.

Intertech founded the **Twin Cities Java Users Group** in 1997 and the **Minnesota Visual Studio User Group** in 2006. We understand what it takes to make a group work. One of the success factors is sponsors who contribute items for drawings... today, with our program, we are one of those sponsors.

Just list us as a sponsor on your web site and we'll send a care package right away.
