

Reverse Phone Look Up How-To Guide

Courtesy of Phone-Number-Reverse-Lookup.com

*Finding out information on any phone number is as easy as
1...2...3*

The screenshot displays the 'Reverse Phone Detective' website interface. At the top left is the logo, and at the top right is a 'Tracer Report' button. Below the header, the search results for the phone number '(555) 555 - 5555' are shown. The 'Phone Number Line Type' is identified as 'Mobile'. The 'Owner's Name' is listed as 'Sample Name', and the 'Most Current Address' is '123 Main Street, Any City, State, 12345'. The 'Phone Issuing Location' is 'Mobile Telephone Company, 123 Main Street, Any City, State, 12345'. A 'File A Complaint' button is visible. A 'Google Map' shows the location in San Francisco. A note mentions a customer service hotline at (555) 555 - 5555 and a contact number 1 800 555 5555.

STEP 1.) Get the number you want to use and find more information about. Is it a phone number from inside the United States or Canada? Make sure it is 10 digits and includes the area code. It should look like: (555)-555-5555

In future steps, we'll need this exact format and number in order to find the correct information we need.

STEP 2.) Using [Reverse Phone Detective](#) (or some other similar reverse phone lookup service) you should locate the field where you input the phone number you want more information about. It will look something like the following:

(You can click the image to visit it)

Input the phone number, 10 digits and including the area code, into the field as shown above. Then, let it search millions of records and phone numbers across the nation. This can take a few seconds to process. Your screen will look like the following screen shot when the search is taking place:

Searching...

Clicking “Checkout” will take you the payment processor (Clickbank)—here is what their checkout page looks like.

The screenshot shows the Clickbank Marketplace checkout page. At the top right is the logo for 'CLICKBANK MARKETPLACE'. Below it is the title 'Secure Payment Form'. The 'Your Order' section contains a table with the following items:

ITEM	PRICE (USD)
Membership and Full Phone Report (██████████)	\$44.90
<i>Immediate access to this product or service is available once payment is approved.</i>	TAX: \$0.00
PAYMENT: \$44.90 <small>One payment (US Dollar)</small>	

Below the table, there is a 'Choose currency:' dropdown menu set to '(USD) US Dollar'. The 'Your Payment' section is divided into two columns. The left column is titled 'Pay now with Credit or Debit Card' and contains the following fields: 'Your Location:' (dropdown menu set to 'UNITED STATES'), 'Zip or Postal Code:', 'Name on Card:', 'Your Email:', a row of credit card logos (VISA, MasterCard, Discover, AMEX, JCB), 'Card Number:', 'Expiration Date:' (dropdowns for '01' and '2009'), and 'Validation Code:' (input field with a link '[What is this?]'). A 'Pay Now' button is at the bottom of this column. The right column is titled 'or Pay with PayPal' and features the PayPal logo. At the bottom right of the form are security logos for McAfee SECURE and VeriSign.

Clickbank is 100% legitimate and they are completely reliable. You can pay with Credit Card or even through Paypal—the process is 100% secure and private, they guarantee it. After

you complete the checkout process you will receive all of the information you want. If you get the unlimited membership you can perform unlimited searches for as much information as you want. You could quickly and reliably clean up an old address book with lots of different mysterious numbers or just identify old numbers in your cell phone address book—or track down prank callers and turn them over to the authorities. Either way, this is hands down the best way to get the information you want on a phone number.
