

Projector & Computer Security

We carry a wide range of Projector and Computer Clamps to not only prevent the removal of the unit but also to protect the unauthorised removal of memory chips. These start from Low Security Cables, right up to High Security LPC tested full entrapment Cages.

Secured By Design ✓

Steel Gates

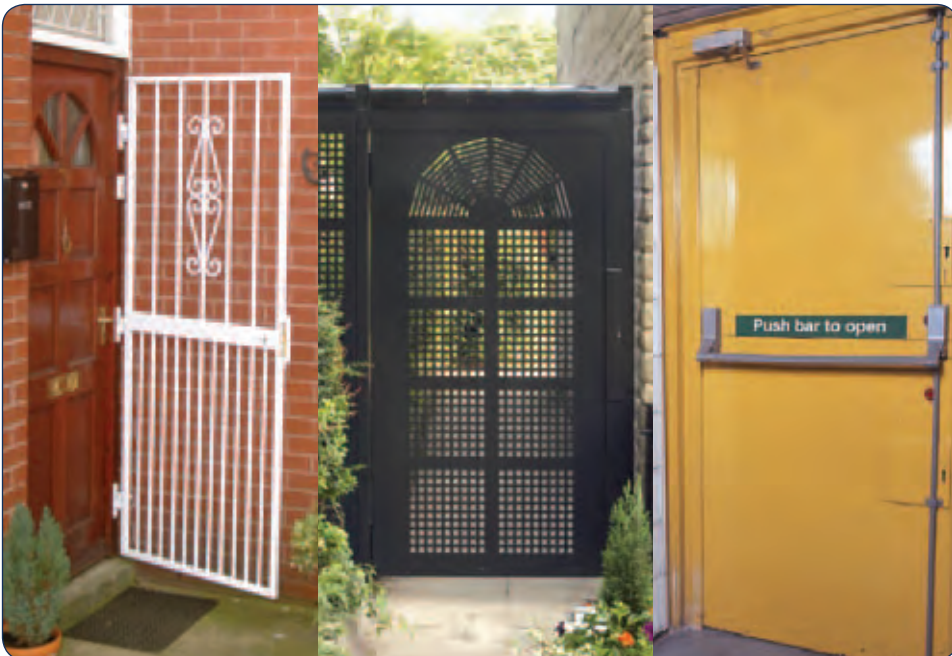

Our popular Letterbox Gate is the perfect answer for protecting Front and Back Doors. They allow doors to be left open on warm days to prevent the sneak-in Burglar, as well as protecting a person opening the door to an unknown person. They are a high security gate with 3 case hardened hinges. Also suitable for those narrow Alleyways.

The BALMORAL ALLEYGATE system provides a Very High Security Gate that has the GOLD SOLD SECURE rating. Available as a Single Pedestrian or Double Vehicular Gate.

A large range of STEEL Entrance and Fire Exit Doors, many with Loss Prevention Council ratings from Level 1 up to Level 6. They come with an individually designed range of Hardware to suit the particular application.

Secured By Design ✓

Razor Spike

A product that is not only Secured by Design, but really does stop unwanted visitors scaling a building or fence. Ideal for all Commercial Applications, particularly Schools who have severe problems of people scaling the roof, and then claiming substantial damages when they are injured. This product is not only legal but also very effective.

Fixed Grilles

The DIAMOND design of grille has the appearance of "Leaded windows", although Georgian and Brick Bond are also available. A Secured by Design product that is very strong, being welded on every cross-over and creating a "SpidersWeb" effect. Overall, much more aesthetically pleasing and much stronger than simply just straight bars. A Keyless Emergency Release mechanism is also available in case of Emergency as an added extra. The PERFORATED MESH grilles are fitted externally to protect both the glass from vandalism as well as protecting the building from Burglary. A Secured by Design product that is ideal for Schools and Public Buildings as well as Offices and Domestic property.
