About One World Academy

One World Academy (aka OWA) is a global educational organization specializing in spiritual and personal growth. Founded in 2009 by Sri Krishnaji, and led by senior teachers Ananda Giri and Samadarshini, One World Academy’s mission is to provide individuals an education to awaken them to the truths about themselves. The founders of One World Academy believe that only through self-enquiry and awareness can one live an intelligent life.

By the power of self-observation and the gift or presence we can make a difference in our own lives and the lives of others. The world is a mirror of the individuals who make it. You cannot separate yourself from the world you attempt to change. We live in a world that is one. We are the one world.
