

# A Positive Experience

We look forward to welcoming you to our dental family. Our friendly and competent staff is dedicated to patient comfort and quality of care. We understand how uneasy some patients may feel about their dental visits, and how we can make a difference in providing a relaxing and positive experience. Our entire team is dedicated to providing you with excellent, personalized care and service to make your visits as comfortable and pleasant as possible.

A standard of excellence in personalized dental care enables us to provide the quality dental services our patients deserve. We provide comprehensive treatment planning and use restorative and cosmetic dentistry to achieve your optimal dental health. Should a dental emergency occur, we will care for you as soon as possible.

## Hours to fit Your Lifestyle

We have early hours for early risers scheduling appointments as early as 7 am on Mondays and Fridays. We're open late on Wednesdays and open Saturdays by appointment. Convenient downtown location. Gated validated parking.

*Dr. Nushin Shir graduated UCLA – School of Dentistry in June 1993. She also completed Public Health Program at UCLA in 1989 & 2007 and earned her Bachelor of Science in Biology from UC-Irvine.*

Dr. Shir practices as a General & Cosmetic Dentist serving many well-known celebrities and stars in addition to owning and managing several successful dental group practices in Los Angeles County since 1993. She is highly trained in complex and cosmetic dental procedures. Dr. Shir's commitment and focus is to quality dental practice and patient care following the most advanced techniques and procedures. Your overall health is her highest priority. She listens and provides the best choice of treatment based on each individual and their needs. She is always available to answer your questions. Her capabilities and philosophy of treatment are what makes her stand out from the rest.

She is well known in the dental field and has been interviewed by USA Today, Who's Who publication, and Time Warner Cable Section for Health in areas of preventive and cosmetic dentistry.

*"I am proud to provide my patients with the best in dental technology, treatment options and patient comfort. It is my pleasure to address all your questions and concerns." - Dr. Nushin Shir*

# Your health Is our mission

As a practice, we are true believers that preventative care and education are the keys to optimal dental health. We focus on thorough exams – checking the overall health of your teeth and gums, performing oral cancer exams, and taking low dose x-rays. We also know that routine cleanings, flossing, and fluoride are all helpful in preventing dental disease. Not only are we focused on the beauty of your smile, we're also concerned about your health. A review of your medical history can help us stay informed of your overall health, any new medications, and any illnesses that may impact your dental health.

*Preventative Care and Infection Control are two proactive ways Artistic Dentistry improves dental health.*

Infection control in our office is also very important to us. To protect our patients and ourselves, we strictly maintain sterilization and cross contamination processes using standards that surpasses OSHA requirements. The source of water for our dental units is distilled water (bottled water) which removes any chances for contamination from regular tap water such as that used in most dental offices.
