The Future of Digital Signage is INTERACTIVE!

Thru-Glass touch screen technology is a unique way to communicate with your customers and make your window work for you.

When coupled with a rear screen or rear projection film, this amazing system will allow people on the street to make choices regarding products and services by simply touching your window, even when your store is closed.

QUICK FACTS:

- Wide range of screens sizes available
- Works with holographic or diffusion
- Suitable in high ambient light
- Vandal & shock resistant
- Long life expectancy
- Single cable for power & connection
- Easy to clean
