## Control arm to fit BMW E46

**CONTROL ARMS ARE  
FOREVER!**

For twice the life of a car guarantee for BMW E46 control arms from MEYLE

**TÜV NORD**

as OE

### Problem

Loose ball joints that cannot be replaced individually

### Solution

- Reinforced aluminum control arm with exchangeable ball joints
- Full-metal ball joint with longer service life

### Effect

- Disturbing noises and vibrations
- Complete control arm including ball joints must be replaced. Alignment is necessary

### Advantage

- Inexpensive to replace each ball joint using standard tools
- Distinct higher durability is guaranteed (TÜV tested)
- Many more miles of dependable driving pleasure
