

Edvance360 LMS-SN 2010 Finalist for CODiE Awards

Edvance360 LMS-SN, a leader in eLearning solutions and services, today announced it has been named as a finalist in the Software & Information Industry Association's (SIIA) 25th annual CODiE Awards in the "Best Postsecondary Course or Learning Management Solution" category. Edvance360 LMS-SN was also a finalist in 2009, under the name Scholar360.

Established in 1986, the CODiE Awards celebrate outstanding achievement and vision in the software, digital information and education technology industries. CODiE Finalists were chosen from more than 850 nominated products by a panel of nearly 190 judges encompassing technology trade journalists, consultants, educators, IT and product specialists, and other knowledgeable, yet neutral, experts. Winners will be announced in May.

Here's what the experts are saying about Edvance360 LMS-SN:

"Very impressive LMS. Wonderful features and tools to use and much more well-integrated than many of the others I have used. Graphics and UI were very appropriate and I enjoyed working within the application. The reporting features were 'top notch'."

"A very well designed LMS based upon a Web 2.0 platform. A good gradebook as well as faculty and student collaboration tools. Good student homepage, where students can launch to their past or present coursework."

From Edvance360:

"The honor of being a finalist is a validation of the benefits our clients have already received through our software and support," says Glen Moriarty, President and CEO of Edvance360. "We feel it proves that Learning Management Solutions don't have to be cumbersome or expensive. Streamlined, learner-focused, and inexpensive solutions like Edvance360 provide exactly what educational institutions have been missing."

"Edvance360 LMS-SN was built entirely from customer requests and creative innovation from our team. Being a finalist for the CODiE award is proof that listening to your clients and responding directly to their needs and wants can lead your company to great things," said Paul Sanders, Creative Director at Edvance360.

About Edvance360

Edvance360 is an internet-based Learner Management System (LMS) and secure social network that enables schools to implement a successful online academic program. Edvance360 equips schools, corporations, and organizations to host online courses, implement modular courses, and revitalize residential courses to make them more interactive. Edvance360 was designed by professors for professors, with input and oversight provided by many of the leading educational design experts, relational-learning experts, and partners.

Edvance360 provides an easy-to-use interface for students and faculty, course management and creation tools, hands-on training, fanatical support, a secure social network, Web 2.0 tools, and collaborative communities to help educational institutions build a networked learning environment.

Our clients enjoy a high return on their investment, personalized support, and customizable solutions. We do not believe a one-size-fits-all approach is beneficial to our clients, so we are steadfastly committed to adapting Edvance360 to fit the needs of the rapidly changing world of education.

Our team members are experienced educators whose vision is to provide an easy to use, affordable, learner-centered LMS that enables students and faculty to engage in collaborative learning process. All features in Edvance360 contribute toward engaging students in critical thinking, network building, and life-long learning habits.

Edvance360 is headquartered in Norfolk, Virginia, with operations in Valdosta, Georgia. For more information, please visit www.Edvance360.com or call 866-458-0360.
