

Press Release - For Immediate Release

NATPAY to attend the 2010 IHRIM HRMStrategies Conference and Technology Exposition

NATPAY will demo its latest version of the innovative solution — DOCULIVERY, for HR and Information Management professionals — at booth #200

Tampa, FL – April 1, 2010 — National Payment Corp (NATPAY), a provider of ONLINE document solutions announced today its participation in the 2010 IHRIM HRMStrategies Conference and Technology Exposition from May 2nd through May 5, 2010. NATPAY will showcase DOCULIVERY, its innovative Human Resources solution for document management, employee self-service, implementation and change management.

NATPAY will be appearing as an exhibitor, Booth #200, at the 2010 IHRIM HRMStrategies and Technology Expo to introduce its latest release of DOCULIVERY. NATPAY will present DOCULIVERY, a SaaS (Software as a Service) solution for midsize and enterprise corporations focused on reducing G & A costs by optimizing document management, streamlining human capital operations and providing time saving solutions to other paper-related processes.

Enterprise corporations such as Family Dollar have achieved substantial productivity gains and cost reductions by successfully implementing DOCULIVERY. The SaaS solution is based on NATPAY's extensive experience in developing collaborative HR and Financial applications for midsize and large corporations across the nation. "It is the right step for NATPAY to be at the IHRIM event this year to present DOCULIVERY to an audience of senior HR and Information Management executives", says Greg Brewer, Vice President of Sales and Marketing for NATPAY.

"DOCULIVERY has been extremely successful where clients accomplished superb results in their AP/HR operations and Customer Service organization, respectively. We are now seeing similar momentum in other client environments and consider the IHRIM event as a great opportunity to demonstrate DOCULIVERY to a broader audience."
