

# NORTHWEST NAVIGATION CO., INC. SMALL SHIP CRUISES

## THE SAN JUAN ISLANDS WEEKEND GETAWAY

*Tucked away* in Northwest Washington State the San Juan Islands are among the most beautiful places in the Lower 48 states, and one of the least “discovered.” Few people know that the San Juans average 247 days a year of beautiful sunshine! Another surprise to visitors are the pristine beaches and amazing wildlife such as, orca whales, bald eagles, murre, seals, and porpoises found throughout the San Juan Islands.

These trips depart Friday afternoons and return on Sunday evenings. We leave Bellingham around 3pm and can be in the San Juan Islands in time for a beach walk or short paddle in the kayaks before dinner. We anchor in a different location each night. Enjoy hiking, wildlife viewing, and kayaking, as well as, a good night’s rest in one of our cabins with comfortable queen sized beds and private heads. You will also be treated to gourmet meals prepared on board while you explore the San Juan Islands.

Prices include all meals, accommodations, bedding, kayaks and kayak gear, port fees, park fees and crew. Airfare and transportation to the David B is not included
