You know, where 2009 was the year of the online sample sale site, 2010 is starting to feel like the year of the deal-a-day site. Here's another one for ya: FlyCoupon.com.

Lest you think it's a little strange that I'm posting about this site late on a Saturday night, there's a method to this madness: I just realized that they are celebrating "Customer Appreciation Day" this weekend, and giving everyone a free \$5 account credit! You'll definitely want to sign up for this site immediately to get that free \$5 credit!

Like previously featured deal-a-day sites [Groupon](#) and [Pricebunch.com](#), FlyCoupon is Chicago based. {Holla!} It appears they're also going to go after a national market, though I'm not certain that any other cities are functional yet. {Regardless, you can still get your \$5 credit – it doesn't have an expiration date!}

Deal-a-day sites offer one day per deal at a very discounted price.
