

RHYTHM

Rod Carrillo & Ronnie Sumrall

RHYTHM, the first full-length album from Rod Carrillo & Ronnie Sumrall delivers an eclectic array of pop, soul, dance, electro and underground house tracks. A departure from the norm, RHYTHM is an "outside of the box" and refreshing musical voyage that excites, tantalizes and soothes the human spirit. The first single release from the CD is the title track and is already gaining at radio and club internationally. RHYTHM is packed with surprises and features 12 very distinctive tracks. Making a special guest appearance on the project is recent Billboard Club charting artist Shafari on BREAKIN' OUT, which is sure to "bust out" as a single release in the coming months. Another guest appearance features Bodega Charlie (Oye Party) on the thumpin' OH YEAH. Carrillo and Sumrall fans will appreciate that the CD also includes the recent international hits MOONSHINE RISING and LONG TIME.

Fighting current trends and daring to be different, RHYTHM claims its own powerful beat.

About Ronnie Sumrall

In the competitive, energetic pulse of Los Angeles's vast pool of talent, any other humble, God-loving individual that isn't blowing his own horn might go unnoticed. Performing as a featured singer at the White House being one of the many high points of his journey Ronnie Sumrall gets his fair share and more as he patiently and quietly does his thing. Having graced the stage with such artists as Toni Braxton, CeCe Winans, 112, Silk, -- Yolanda Adams he definitely does his thing well. "We limit ourselves to what we can accomplish believing the hype and doing what we've seen work for someone else. What I like and what I do encompasses jazz, R&B, classical ballads, reggae, the works."
