

# EyeWall

## EyeClick's Huge Amazing Interactive Displays!

EyeWall magically transforms any sized wall surface into an immersive interactive wall display, and creates an ongoing experience of movement, amusement and attraction. EyeWall stops people in their tracks as the surface comes to life and reacts to passers-by presence and gestures. EyeWall is ideal for any extra-large sized display area, and will guarantee creating a "wow" effect people won't forget.

EyeWall enables the delivery of unique messages in an exciting and futuristic way. You can import your creative content or depend on us for a tailored solution, from start to finish.

### Product Highlights and Features:

- Ideal for creating a WOW effect - Stands out, grabs attention and engages target audiences - a unique, large in proportion interactive display that stuns viewers as it reacts to passers-by.
- Perfect for large surface coverage – create large interactive surfaces and bring them to life.
- Large variety of ready to use, customizable templates to create endless applications.
- Multiple Passersby can interact with EyeWall and with each other at the same time.
- Customized solutions available for any need – EyeClick's first class professional team can tailor EyeWall to create that special effect or unique idea you have in mind.
