

LIFE IS A CONTACT SPORT. GEAR UP!

Life is a contact sport. That's why having the right gear is a key part of getting your game on.

Contact lens manufacturer CooperVision wants to make sure teens have the essential equipment they need to do that. *Gear Up Grants* will award \$25,000 in prizes to help winning teams, individual athletes, performers or communities "gear up" this season. The winners decide what gear they need.

GEAR UP GRANTS

They say to never leave your goalie vulnerable. Having the right gear is a good place to start.

No ball, no cleats, no problem!

Having the right gear is crucial in competitive sports -- that's why CooperVision is giving away ten \$2,500 *Gear Up Grants*.

Practice is key, but it's focused players who keep their eyes on the prize. **GEAR UP!**
