

CertCapture

Be Certain.

the smart, sweeping, superior solution
for exemption certificate management

SAVINGS IN TOUGH TIMES

Reduce unnecessary expenses while streamlining your
sales tax exemption certificate management process

reduce

reduce nondeductible tax expenses

Penalty and interest expenses resulting from state tax audits are below the bottom line business expenses that rob your company of cash. CertCapture's proven solution reduces the cost of audits and virtually eliminates the penalty and interest expense of sales tax audits.

decrease

decrease tax compliance management costs

CertCapture reduces head count needed in the tax and support areas of your company, freeing up personnel and resources for more profit-focused tasks.

implement

Implement easily without IT resources

CertCapture is a Software-As-A-Service that works with any standard internet browser, so your investment today starts saving you money tomorrow. Advanced configurations can be tied to ERP platforms and tax decision engines such as SAP, Oracle, JDE, Taxware, Vertex and Sabrix.

trust

trust the solution chosen by Fortune 500 companies

CertCapture maintains a standard of excellence recognized by some of the most influential companies in America such as Big Lots, BASF, Dow Chemical, L'Oreal, United Technologies, Tractor Supply and more.
