“Free Savings with Every Shipment”

Express 1 is a third party business services and billing provider committed to providing superior quality products and services to customers around the country. We prosper by forging partnerships with our customers and business service suppliers. To accomplish our mission we invest the technological, financial and human resources necessary to assure world-class cost and quality levels for our services. This allows us to be a “Bridge” between your business and some of the most recognizable, trusted companies in the world like the **U.S. Postal Service**. Together, the **United States Postal Service** and **Express 1** have made it easy for over 100,000 businesses to optimize their shipping operation.

And now with the integration of Express 1’s USPS rates into TrueShip’s ReadyShipper Shipping Software, these savings are passed on to YOU!

All with:

- NO monthly fees for our rates
- NO additional software to purchase
- NO Volume Requirements
