MILWAUKEE, WI – Julian John Publishing today announced the release of *How to Find, Evaluate, and Buy a Laundromat*, written by Jason Lombardo. The book is a comprehensive guide for anyone who is interested in purchasing a Laundromat.

The 124 page book details a process for finding Laundromats, the various criteria and tips for evaluating an existing store, and how to succeed in the business.

“In his book, Jason Lombardo provides a step by step review of everything that should be done when searching for, considering and ultimately purchasing a Laundromat,” said Steve Bailey, Julian John spokesperson. “*How to Find, Evaluate, and Buy a Laundromat* is the most comprehensive book ever written on this topic.”

The book is currently available from Amazon.com and from [www.howtobuyalaundromat.com](http://www.howtobuyalaundromat.com), where additional Laundromat related items, including specialized spreadsheets, can be purchased.

“I wrote the book with the hope that other new Laundromat owners would not make the same mistakes that I made when I was starting out,” said Lombardo. “This book is meant to be a beginner's guide, suitable for anyone interested in owning a Laundromat. It's something I wish I could have had when I started out.”
