Update Account

3. (a) Click “Create a New Facebook Page”

The screenshot shows the top navigation bar of the FACEIT PAGES website. It includes links for 'home', 'designs', 'faq', 'about us', and 'contact us'. Below the navigation bar are social media icons for Facebook and Twitter, and a 'SHARE' button. The main content area features a 'Logout' link, a welcome message 'Welcome Candis', and two prominent blue links: 'manage profile/upload logo' and 'create a new facebook page >>'. A green arrow points to the 'create a new facebook page >>' link. Below these links, there is a section titled 'Edit saved pages below' with three sub-links: 'Capture Your Memories Forever - edit', 'DIY Facebook Fan Pages - edit', and 'Marketing Solutions for Today's Business - edit'.

(b) Fill in all of the fields to populate your Facelt Page. Start with your main content block, main media type, and main tagline/heading.

The screenshot displays the 'step 1 - page information' form. At the top right, there is a 'Members Home' link. The form title is 'step 1 - page information'. Below the title, a paragraph states: 'The following information will display on your Facebook page output. The more information you fill out the more complete your page will look.' The form contains three main sections: 1. 'Main Content Block:*' with a text area containing the text: 'We are artists, journalists, sisters, and we never go anywhere without our cameras. We do more than take good pictures. We pour our hearts into making every moment of your experience exciting and memorable. Our goal is to offer our clients the peace of mind that they will receive nothing less than an exceptional product and service.' 2. 'What media element would you like showcased next to your main content block?' with a dropdown menu currently set to 'image'. 3. 'Header Title (tagline that best represents your services/products)' with a text input field containing 'Capture Your Memories Forever' and an asterisk indicating it is a required field.

(c) Continue by filling in your main navigation (links and titles), as well as your external web links and social media links.

Main Navigation Menu (where you would like your five main menu buttons to link to)

Menu Link 1	<input type="text" value="http://mrotzekphotography.com/"/>	Menu Name 1	<input type="text" value="Homepage"/>
Menu Link 2	<input type="text" value="http://mrotzekphotography.com/#images/Galle"/>	Menu Name 2	<input type="text" value="Gallery"/>
Menu Link 3	<input type="text" value="http://mrotzekphotography.com/#pages/Meet9"/>	Menu Name 3	<input type="text" value="Meet Us"/>
Menu Link 4	<input type="text" value="http://mrotzekphotography.zenfolio.com/"/>	Menu Name 4	<input type="text" value="Zenfolio"/>
Menu Link 5	<input type="text" value="http://mrotzekphotography.com/#pages/Conta"/>	Menu Name 5	<input type="text" value="Contact Us"/>

Link fields should be the http://www. location and title fields will be the display name for your links.
