

FACEIT PAGES

Adding Your Facelt Page to Facebook using the Static FBML App

1. Go to your Facebook Page and click the “Edit Page” link right under your main avatar.

The screenshot shows a Facebook page for 'FaceItPages.com'. The top navigation bar includes 'facebook', a search bar, and links for 'Home', 'Profile', and 'Account'. The page header features the 'FaceItPages.com' logo and a status update: 'Working out the final bugs on the site... should be ready to launch next week. We're excited!' dated 'Thursday clear'. Below the header are tabs for 'Wall', 'Info', 'Photos', 'FaceItPages', and 'FaceItPages 2'. The main content area has a text input field 'What's on your mind?' and a 'Share' button. A post from 'FaceItPages.com' is visible, titled 'A preview of the FaceItPages designs.' and containing a 'Design Gallery' of 9 new photos. The left-hand navigation menu includes 'Edit Page', 'Promote with an Ad', 'Add to My Page's Favorites', 'Suggest to Friends', and 'Remove from My Page's Favorites'. A green arrow points to the 'Edit Page' link. The right-hand side features a 'Get More Connections' button and a 'Like' button.

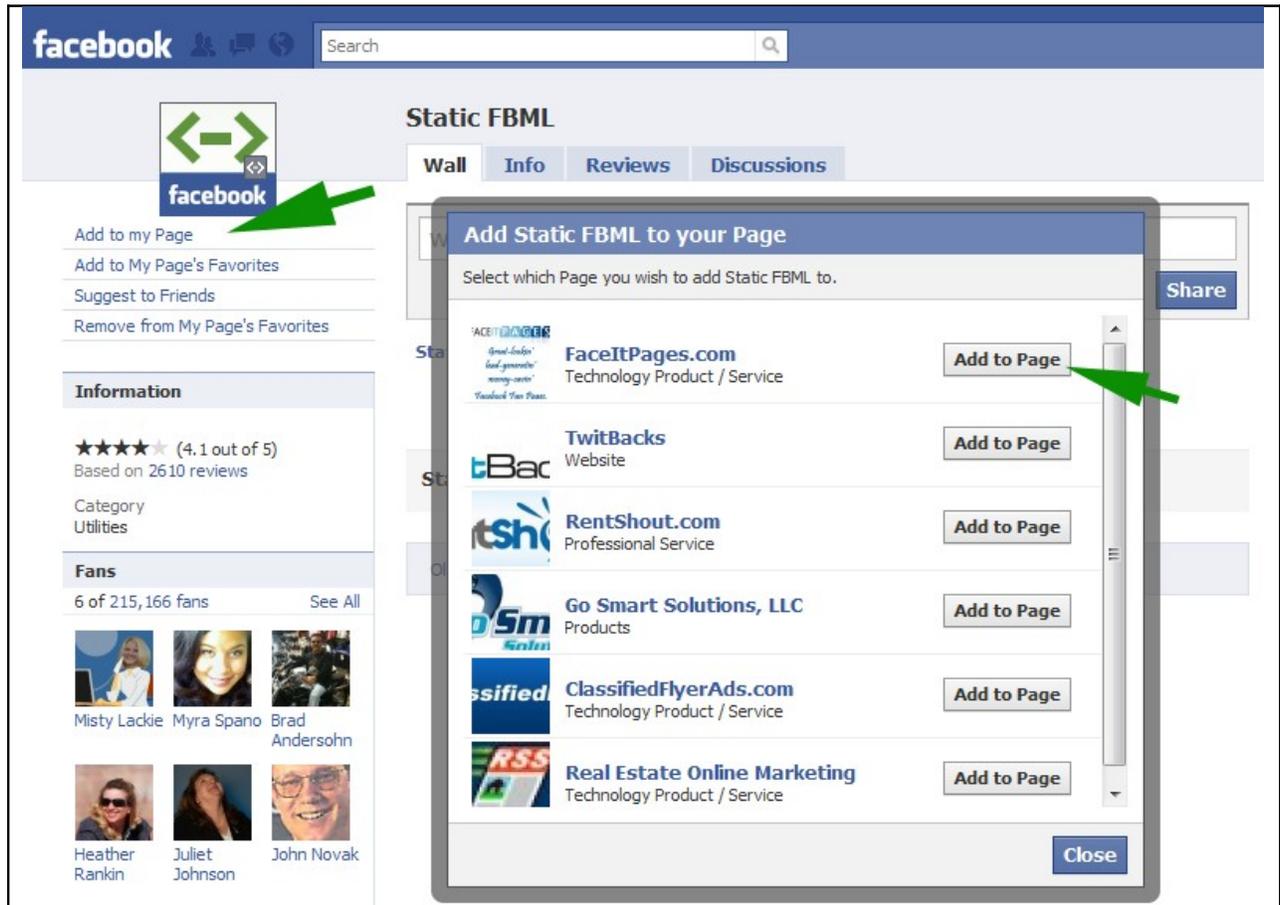

2. Scroll down to until you are able to click “Browse More” applications.

The screenshot shows the Facebook application settings interface. It features four main sections: **Discussion Boards**, **Links**, **Video**, and **More Applications**. Each section includes an icon, a title, and links for 'Edit', 'Application Settings', and 'Remove Application'. The 'More Applications' section at the bottom has a 'Browse More' link, which is highlighted with a green arrow pointing to it.

3. Type “Static FBML” (without quotes) into the search box and select the application.

The screenshot shows the Facebook search results page for the query "Static FBML". The search bar at the top contains the text "Static FBML" with a green arrow pointing to it. Below the search bar, the results are categorized into "All Applications", "Utilities", "Education", "Entertainment", "Friends & Family", "Business", "Games", "Sports", "Lifestyle", "Just For Fun", "On Facebook", and "External Websites". The "All Applications" category is selected. The search results list three applications: **Static FBML by Facebook** (5 stars, 64,255,954 monthly active users), **Welcome Tab for pages** (5 stars, 329,275 monthly active users), and **TabSite-EZ Static FBML-Free Welcome Tab for pages** by Digital Hill Multimedia (5 stars, 9,269 monthly active users). A green arrow points to the "Static FBML by Facebook" application.

- Click the “Add to my Page” link directly below the main avatar. Then select the page you’d like to add it to. Static FBML is now added to your page! Now let’s add your Facelt Page.

- Go back to your Page and click “Edit Page”.

6. Now when you scroll down, you'll see that the Static FBML application is there. Click "Edit".

 Photos Edit · Application Settings · Link to this Tab · Remove Application With Facebook Photos, you can upload an unlimited number of albums to your Facebook profile. You can reorder photos, rotate them, and tag your friends in them.
 Discussion Boards Edit · Application Settings · Remove Application Discussion boards enable your fans to get their ideas out into the open. Discussion boards let you know exactly what your fans and customers think and want. Get the conversation started now!
 Links Edit · Application Settings · Remove Application With Facebook Posted Items, you can share anything on the internet by posting it to your profile. You can post websites, blogs, videos, and songs, as well as content on Facebook, like profiles, photos, notes, groups, and events.
 Video Edit · Application Settings · Remove Application Facebook Video provides a high-quality video platform for people and pages on Facebook. With Video, you can upload video files, send video from your mobile phone, and record video messages to your friends. Additional features include full-screen playback, tagging your friends in videos, rotating videos, and more.
 FBML - FBML Edit · Application Settings · Link to this Tab · Remove Application Add additional functionality to your Page using the Facebook Static FBML application. This application will add a box to your Page in which you can render HTML or FBML (Facebook Markup Language) for enhanced Page customization.
 More Applications Browse More

7. Rename the title to whatever you'd like your page to be named, then paste in the code from your FaceIt Page design.
