

## **BEST OF BOTH WORLDS: CRUISE ON THE OPEN ROADS AND ON THE HIGH SEAS (RENT A HARLEY-DAVIDSON MOTORCYCLE IN A CRUISE PORT OF CALL)**

**DETROIT - Jan 21, 2010** - Those who say "you can't have it all" haven't heard the latest "cruising" trend: motorcycle rentals in cruise ports of call. For those who have navigated every U.S. highway and "open road" on the back of a Harley Road King or Heritage Classic, there remain countless global frontiers out there every bit as memorable as those in the U.S.A. And what a way to go - hop off the cruise ship and onto your rental bike.

Harley Davidson® has established rental locations throughout the world to accommodate the growing cadre of international road warriors. All rentals are late-model Harley-Davidson® motorcycles, serviced and maintained to strict company standards.

To make it easier for you, CruiseCompete.com has compiled a listing of international Harley-Davidson Authorized Rentals® locations.

[http://www.cruisecompete.com/press\\_releases.php](http://www.cruisecompete.com/press_releases.php)

Here are a few examples of the rental opportunities you will see:

Harley-Davidson Roma - Via Silvio Spaventa 15/17- Phone +39 064880452

Now THIS is the way to see the Eternal City. Your Harley will navigate the narrow streets, allow you to park anywhere along the way, and - you'll get to the Appian Way a lot quicker than did Caesar's Roman Legions. Whether it's pure sightseeing or romance that's in the air, you will not be disappointed. Ciao!

Harley-Davidson Zürich - Müllerstrasse 34a, Zürich 8004 - Phone +41 044 / 225 41 21 - Fax +41 044 / 225 41 22

You've been motoring along the Swiss Alps and have decided to give your bike a rest. Time for some R&R back on your European river cruise vessel - check out AMAWATERWAYS - ms Amalegro, 13 Nights - 2010: The Enchanting Rhine. A stop in Zurich, the largest city in Switzerland, offers numerous historical (and romantic) opportunities. Whether traveling solo or accompanied by a partner, the blend of biking, river cruising and sightseeing is a combination that won't be beat.

While biking on your Harley offers terrific side-trip opportunities on any cruise, note that there are some things to keep in mind before you sign up for your rental. For most of Harley Davidson's® international rental locations, riders must generally:

- Be 21 years of age or older
- Have a valid heavyweight motorcycle operator's license
- Have a major credit card
