

All the Best
from

BUS SALES, INC.

An employee owned company.

Featured Vehicle Line Card

A-Z Bus Sales represents multiple, respected manufacturers of commercial buses, all ideally suited for the special needs of assisted living communities. Our buses can be ordered in multiple configurations to meet your specific organization's needs. Choose ambulatory and tie-down passenger counts, gas, propane or hybrid-electric engines, multiple size chassis, and add from multiple custom options to ensure you are maximizing the ride experience, safety and comfort for your passengers, while minimizing logistical complications for your drivers (especially loading and unloading of your passengers).

Arboc Mobility

A true low-floor bus built on a conventional GM cutaway chassis. The "Spirit of Mobility" is a rear wheel drive bus without the use of an expensive dropbox. The optional wheelchair ramp allows for easy loading and unloading through the 39" clear door opening. The interior offers theater seating for better viewing for all riders. The Arboc bus offers a full air-ride suspension with a standard kneeling feature that allows an entrance of less than 5" from the curb without deploying the ramp. Arboc also offer a fully integrated body on chassis with full E-Coat corrosion protection and bonded-steel structure.

BraunAbility

Designed and engineered for the best in safety and reliability, the Chrysler/Dodge Entervan has been the star of the BraunAbility fleet for over 20 years. This classic conversion is easy to operate and offers a spacious interior for greater maneuverability. The Entervan features a power auto-kneel system, lowered driver side sliding door sill, easy-out front passenger and drive seats under carriage spare tire storage and more.

Elkhart Coach

The Elkhart Coach model ECII is the newest addition to the Forest River bus family. The ECII offers clean styling, great value and outstanding fit and finish. Built to please, engineered to last, the ECII is manufactured for years of care-free driving and performance. Elkhart's team of experienced, quality oriented production and manufacturing experts have engineered the "best value for your money" vehicle coupled with the best warranty in the market.

Glaval Bus

Glaval Bus manufactures a full line of transit and shuttle buses and tour coaches from 21' to 40' in length with virtually unlimited floor plan choices. A wide array of options including paratransit equipment, electronic entertainment packages, seating and fabric choices, a multitude of choices for luggage storage plus lots, lots more to let you design the right bus for your specific application.

Mobility Works

The Ford Transit Connect is the newest rear-entry consumer wheelchair van. Economically priced, it provides a whole new option for wheelchair van passengers and caregivers where space is at a premium and fuel economy is an absolute business necessity. Its sleek European style and ample interior space may be just what you're looking for an attractive alternative to traditional lowered-floor minivans and full-sized vans equipped with wheelchair lifts.
