

Health Insurance Affordable Value Plans

The number of Americans without health insurance reaches record levels, health insurance advisors respond by offering new "value plans" to consumers.

([PRWEB](#)) May 17, 2010 -- Easy To Insure ME .com offers individual health insurance plans at affordable rates. In the midst of confusion, health insurance shoppers need guidance on recent changes and plans available. The internet is a great source for knowledge and education regarding these issues. One specific site stands out amongst the rest on providing guidance and helping with purchases for affordable individual health insurance.

Shopping online for health insurance quotes is much easier by using the free tools presented at the Easy To Insure ME website. New affordable value plans are available nationwide. Consumers now have a wide variety of choices when it comes to affordable health care coverage. As the number of Americans without health insurance continues to rise, the new value plans offer a solution for many shoppers.

The new value plans offer affordable health care and affordable benefits. The plans are almost completely identical to regular major medical plans with one exception. The number of included doctor visits is different and is limited to two anytime doctor visits and one annual exam per year. The affordable health insurance plans still include all the same doctor co pays, emergency room co pays, and prescription copays. The value plans have extremely low premiums. The one and only limitation is the number of doctor visits.

With EasyToInsureME, there are no complicated forms to fill out. Visitors can get real time instant online health insurance quotes by simply visiting the website and entering a few details. Visitors who have requested an instant online health insurance quote will also receive recommended health insurance plans from an <http://www.EasyToInsureME.com/> licensed professional.
