Silver Diner makes special arrangements with the farmers themselves to ensure Fresh and Local Product Availability.

¹ Uptown Bakers features a Master Baker that only uses farm fresh eggs in his 100% trans fat free, handmade breads. They deliver 7 days a week to ensure freshness.

² Present day Kreider Farms has been running and producing fresh dairy products since 1972. They protect their cows from rbst hormones.

³ Martin's farm fresh eggs have been feeding Lancaster County for just less than a half-century.
