

# THE MALAN RACE [OF PEOPLE] IS OPEN FOR BUSINESS

*"You will know a Malan person not by their skin color or country of birth. You will know a Malan person by their ideology and the actions that result from these principles."*

Malans:

"...renounce racial stereotypes."

"...renounce past perceptions."

"...renounce archaic racial definitions."

"...wipe the slate clean and choose to start fresh."

***"The Malan race is defined by ideology rather than by superficialities."***
