**HOW TO RESET THE BALANCE OF POWER: FEDERAL RESERVE DEBT-BASED BANKING VS. PUBLIC & STATE-RUN BANKS THAT WILL STRENGTHEN, NOT DISRUPT, THE U.S. ECONOMY**

-----  
San Francisco/Bay Area, CA 6/26/10 – [Stanion Studio's, LLC] Bait and Switch TV [www.baitandswitchTV.com](http://www.baitandswitchTV.com)

Bait and Switch TV announces a live debate with Ellen Brown, civil litigation attorney in Los Angeles about her latest book, Web of Debt. She will discuss the Federal Reserve System (“the money trust”), and explain how this private banking cartel has manipulated economies, caused financial crises, and usurped the power to create money from the people themselves. Most importantly, she’ll describe how we the people can get our monetary power back before globalization is consummated --via public and state-run banking solutions that will reset the purpose of banking in America without dismantling and disrupting commerce or the economy as we know it. Her earlier books focused on the pharmaceutical cartel that gets its power from the money trust. Her eleven books include Forbidden Medicine, Nature’s Pharmacy (co-authored with Dr. Lynne Walker), and The Key to Ultimate Health (co-authored with Dr. Richard Hansen). Her websites are [webofdebt.com](http://webofdebt.com) , [ellenbrown.com](http://ellenbrown.com) and [public-banking.com](http://public-banking.com).

#### **ABOUT LIVE DEBATES**

“Live Debates are about YOU,” says BSTV Executive Producer, Leesa Stanion, “If you could talk with an economist whose theories are currently under consideration by banking reformers, what would you ask? If you could question a scientist about antibiotics in the meat supply, or a policymaker about cloning or pharmaceutical approvals, what would you say? At BSTV, you can ask your questions and talk directly to experts, celebs, and policymakers in real time about any of the serious issues raised in our shows and comedy sketches. These Live Debates are about making TV interactive and getting YOU involved in the controversy and debate.”

To join the debate, register at <http://www.baitandswitchtv.com/debatesLive.html> before 3 PM PST on June 30, 2010. Registered audience members may ask Ellen questions directly in real time via CHAT or their webcam.

BSTV internet TV channel investigates controversies and cultural landscapes with the comedic force of a backhoe, digging much deeper than existing news formats while keeping viewers laughing, and always asking HOW DO ANY OF US KNOW WHAT’S TRUE ANYMORE? BSTV's pilot episode on the unsavory practices of the meat and dairy industries is followed by their upcoming episode on the federal reserve’s “big, bad banking system.” Over 60 controversial episodes are in the BSTV pipeline.
