

AMCI and Rockwell Automation Release New PartnerNetwork™ Solutions Brochure

Terryville, CT - Rockwell Automation and Advanced Micro Controls Inc. (AMCI) have released their first PartnerNetwork™ Solutions brochure. Over twenty years ago, AMCI was one of the first companies to partner with Rockwell Automation through the “Pyramid Solutions Program”, now called the “Encompass™ Program”. Rockwell Automation designed a new brochure that would recognize this 25 year relationship between AMCI and Rockwell Automation. The brochure includes a brief history of the successful partnership, and features an overview of the AMCI product lines that are referenced in the Rockwell Automation Encompass™ Partners Program.

AMCI’s Encompass™ Program Referenced Product Lines:

- PLC Modules
- Position Sensing
- Motion Control

PDF versions of the brochure can be downloaded from the AMCI website at: http://www.amci.com/pdfs/brochures/amci_rockwell-automation-encompass-partner.pdf

Please call AMCI at 860-585-1254 to order free copies of the printed brochure.

About the Rockwell Automation PartnerNetwork

Advanced Micro Controls Inc. (AMCI) is part of the Rockwell Automation PartnerNetwork™ program, which includes business enterprise, sales and solutions, and product and technology partners. Through collaboration with Rockwell Automation, AMCI helps its customers improve time to market, lower total cost of ownership, better manage assets and lower manufacturing business risk.

About Advanced Micro Controls Inc.

Founded in 1985, Advanced Micro Controls Inc ([AMCI](http://www.amci.com)) is a leading U.S. based manufacturer with a global presence. Our industrial controls improve the performance and profitability of today's factory and automation systems. AMCI specializes in the design, manufacturing, and sales of eight different product families. Long standing relationships with the biggest names in industrial automation enable our team to deliver innovative, competitive products that are designed for years of reliable performance.
