

Look. Listen. Learn. Play.

Instructors Love Our Online Education Courses!

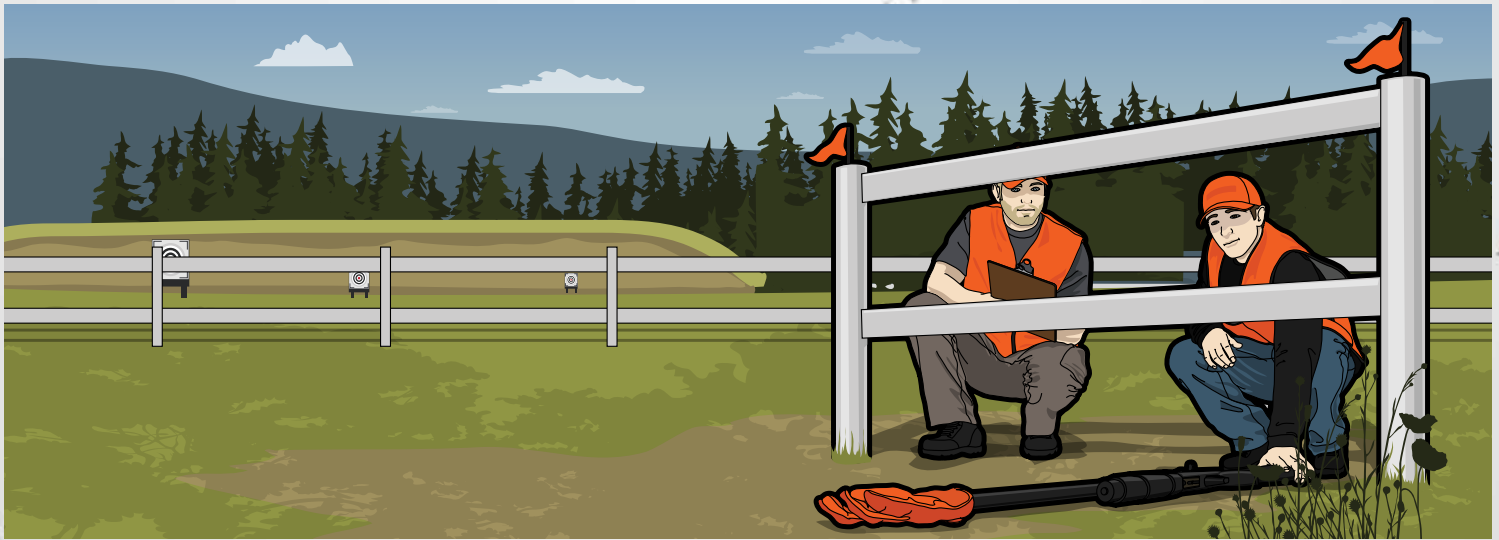

Play:

It's no wonder Instructors love teaching Internet Field Days to HunterExam students. Instructors know that any student completing one of our state approved online courses has been exposed to all hunter education topics in a fully narrated, interactive study guide – successfully answering 100's of exam questions. Thus, Instructors get to spend more time with hands-on instruction and less time teaching from a book.

Our goal is to get more hunters out in the woods having fun. **Securely and safely.**

To find out more about teaching Internet Field Days in your area, contact your regional or state coordinator.

- Fully Narrated Course Content • Illustrated Study Guides • 60+ User Friendly Exercises
- Interactive Rifle, Shotgun & Archery Ranges. • Flexible • Intuitive
