Financial Jihad

Synopsis: Provides an introductory overview to the complexities of the "Sharia" financial systems and how they support the operations of Militant Islamists globally. The lecturer also provides a brief analysis on the mutual supporting ties between Islamist and Narco-terrorist groups.

This course will demonstrate methods for the collection and analysis of Terror Threat Finance and related Global Financial systems, which are often camouflaged within the pathways of international and domestic commerce.

This course teaches methods for developing enhanced skill-sets for the identification and analysis of financial intelligence through the blended collection and analysis of various methodologies concerning Covert Payment Systems, GAAP Analysis, BMPE, Black Market Currency Trading, KYC, Geo-Political Trends, Political Influences, Data Analysis, Social Networks, complex associations and Banking Formulas.
