Excellence in Polymer Flooring

Florothane CR
Chemical Resistant Urethane

Florothane CR has unique chemical resistant properties and a smooth glossy finish. It protects flooring from maintenance fluids.

Floro

Florothane CR is ideal for Auto & Motorcycle Dealerships, Aircraft Hangars, Fire Stations and Maintenance Facility Floors.

Florothane CR provides a smooth, non-slip, glossy surface which is approved for use in military hangars. Florothane CR protects concrete floors from the harmful effects of maintenance fluid. Florothane CR may be used as an optional chemical resistant coating over other Florock systems.

It is approved under U.S. Government Spec. A-A-5054 for use on maintenance facility floors.

- Superior resistance to many harmful chemicals, including Skydrol and JP Jet Fuels
- Highly reflective – Increases illumination
- Available with electrostatic dissipative (ESD) properties to reduce the risk of static discharge
- Resistant to UV and oxidation. It maintains original color over time and is non-chalking
- Prevents penetration of contaminants that can break down concrete
- A variety of colors can be achieved with the addition of Florock 100% Solids Colorants
