

## [Flight of the Gibbon Adventure Tours](#)

### **Unforgettable Thailand Holidays**

If you are in Thailand on holidays enjoying the great beaches, sightseeing and dining, or plan to visit this remarkable country soon... then do not miss the [Thailand's Flight of the Gibbon Adventure Tours!](#)

We guarantee you will enter a wild, pristine world of the primal Thai rainforest – in a way only a select few ever truly experience it. Imagine gliding through a sea of luminous green treetops and feeling safe and secure as you sail into the most stunning vistas on the planet.

Come join us at Flight of the Gibbon for one of the boldest (and delightful) encounters with nature you could ever have.

### [Flight of the Gibbon Gives Back with the Rainforest Conservation Project](#)

*10% of our profits go to rainforest rehabilitation and protecting the rare Gibbon ape!*

Our Goal is to plant 1,000,000 trees over the next 20 years. Initiated in 2008, we have planted 7,200 flourishing plants in the rainforest so far.

Our "Village Green" program supports local villages by keeping roads clean, preserving Thai culture and rain forest tree planting. We also support a very successful wildlife re-population program involving many native species like our white-handed Gibbons,

We are partnering with the Thai Government so we can do the ultimate good... preserving Thailand's precious eco-system.

We educate everyone about the rain forest eco-system. More than 1000 children per year, (mostly orphans and under privileged children) fly each year free of charge. Another 2000 children fly for a modest fee. Education and wildlife awareness are our major goals.

Nothing you do in Thailand will reward you so richly for so many years to come!
