*Three-Year Sales Growth of 110% Earns JurInnov Ltd. the Rank of #2,300 on 2010 Inc. 5000*

**CLEVELAND, OHIO – September 18, 2010 – JurInnov Ltd.** ([www.jurinnov.com](http://www.jurinnov.com)), a legal technology consulting company celebrating its tenth year of providing electronic discovery services, today announced that Inc. Magazine ranked the company No. 2,300 in its exclusive annual ranking of the 5,000 most entrepreneurial, fastest-growing private companies in the country.

“The leaders of the companies on this year’s Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression,” stated Inc. President Bob LaPointe. “The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs.”

“We are excited to have made the Inc. 5000 list,” stated Timothy M. Opsitnick, Esq., Founder and Senior Partner of JurInnov. “Our team is proud to be on the list during a period of rapid change and contracting economic conditions.”

Despite the fact that most of this year’s measuring period of 2006-2009 took place during the latest recession, aggregate revenue among the companies on the list actually increased to \$321.6 billion, up more than 50 percent from last year. The effects of the recession are seen, however, in the median three-year growth rate, which dropped to 96 percent from last year’s 126 percent. This year’s Inc. 5000 employ a record 1.4 million people, up from one million on last year’s list. With unemployment remaining stubbornly high, policymakers and business leaders will do well to look to the Inc. 5000 companies for fresh ideas on achieving growth and creating jobs.
