## TIME IS RUNNING OUT!

2010 is quickly coming to a close, and your organization is still lacking funds, the good news is it's not too late! Grant-giving organization may still be able to provide your organization with funding for a particular project or program, or to help cover the overhead costs of running the organization.

Funders will continue to review [grants for 2010](#) usually until mid November, leaving just enough time to have a compelling grant proposal created and submitted for your organization.

Over \$50 billion in grants are given away each year to charities, churches, and schools nationwide. There are 80 thousand foundations and grant-giving organizations that are mandated by law to distribute at least 5% of their assets, regardless of the recession. However, it is up to you to take the first step and provide them with a compelling grant proposal.

Those foundations that still have not distributed the grants are **motivated** to do so. Don't miss this opportunity to receive a grant in 2010, or be first in line in the request for funds for the 2011 Year.

Our fundraising program, low down payment and deferred billing option makes it easy for you to get this critical service underway.

Ready to get started? [Contact us](#) today for a free Grant Proposal Consultation or to take advantage of our Special Promotion!

**Discount expires 9/24/10**
