### **Ephesoft Introduces Channel Partner Program**

Ephesoft adds systems integrators and distributors to comprehensive channel partner program.

Ephesoft offers open source-based mailroom automation and intelligent document capture solutions. The company's Global Partner Network now brings a variety of value-added services to Ephesoft customers through systems integrators, distributors and resellers, ISV/OEM providers and training companies.

For Ephesoft partners, the company offers expertise to market, configure, customize, and implement Ephesoft solutions. Silver, Gold and Platinum levels are available. Benefits include training and certification on Ephesoft solutions, participation on the Ephesoft advisory board, event sponsorship opportunities, and much more.

"We value our partner relationships and do everything we can to support them," says Ephesoft CTO, Mr. Ike Kavas. "Because Ephesoft does not have a direct sales team, we give our partners support to build their businesses—and the open source model ensures Ephesoft will remain a partner-oriented Document Capture vendor."

Systems Integrators, Distributors and Resellers, ISV/OEM Partners, Infrastructure Providers, Hosting/BPO and Training companies can find more information at [www.ephesoft.com/partners/program](http://www.ephesoft.com/partners/program).

### **ABOUT**

Ephesoft, Inc., based in Irvine, CA, delivers an intelligent document capture system designed to improve the automation of mailroom processes through classifying, sorting and separating incoming documents, and extracting pertinent information from these business documents for distribution and processing. Our mission is to make this technology available to enterprises of all sizes and help them process business documents efficiently and effectively in an integrated fashion. Visit [www.ephesoft.com](http://www.ephesoft.com) for more information.
