TESTIMONIAL

One of the best gifts I received was from my good friend. She wanted me to meet with Bill to see if he could channel my sister, Nicole Brown Simpson, who you may know was murdered in 1994. I was a bit skeptical at first because everyone knew everything about Nicole and my entire family from the media circus. But, I thought I would visit with him anyway. I cannot tell you what a gift this was.

Bill suggested that I take notes during our visit and thankfully I did because I will have these notes for a lifetime. Bill knew things that no one knew, not only of Nicole, but many of my friends and family who passed many years prior. These were individuals that were never spoken of in the public. So, of course, he had my attention.

How did he know of those who passed from a suicide, car accidents, and my relationship with my grandparents? How would he have known what my grandparents wanted to share with my mom? How would he have known that my friend wanted to thank me for taking care of his sister when he died suddenly?

Bill was not vague in any of his connections. The messages he received were clear, concise, descriptive and emotional. So emotional in fact, that I could not help but to share them with my entire family. They were confident and astonished by his clairvoyance.

Bill's compassion to truly offer healing hearts to those who suffer was apparent. I would highly recommend a visit with him. You never know what joy or closure you will experience.
