

Falls Church, Va. October 1, 2010

2020 Company, LLC (2020) wins major 10-year, multi-award NOAALink IDIQ Professional Services Contract from the National Oceanic and Atmospheric Administration (NOAA), worth an estimated \$2.5 billion.

2020 Team to provide Technical and Professional services in support of the NOAALink Program .

2020 Company, LLC (2020) announced today that it has been awarded a multiple-award indefinite delivery, indefinite quantity (IDIQ) contract from the National Oceanic and Atmospheric Administration (NOAA) to provide technical and professional service offerings for the NOAALink program as well as other bureaus and offices of the Department of Commerce. The 10-year, multi-award IDIQ carries an estimated ceiling value of \$2.5 billion.

The NOAALink program will span 15 service areas within NOAA, including end-user services, data centers, application development, disaster recovery, and security. NOAALink will help drive efficiency and economy of scale on many levels, including:

- reducing the number of help desks and high cost of multiple, low-value software applications;
- standardizing computer purchases;
- automating processes to improve IT services and workforce productivity;
- streamlining ordering to benefit from consistency and volume procurement.

2020's teammates include Aster Engineering, Inc., Booz Allen Hamilton, L-3 STRATIS, Data Solutions & Technology Incorporated, NetStar 1, Patriot Technologies, Inc., Stinger Ghaffarian Technologies, and Synthesis Professional Services, Inc.

“This will provide 2020 the opportunity to expand our core service offerings to one of our largest and most valued customers.” said Haresh Bhungalia, co-founder of 2020. “We are excited and pleased that our hard work at NOAA has instilled confidence with our customer to select us for this critical contract.”

2020 has supported NOAA's mission to understand and predict changes in the Earth's environment since 2006 and looks forward to continuing its business relationship with NOAA in support of this effort.
