WHAT WE DO

General Orthopedics

ProRehab's veteran staff specializes in the evidence-based approach of care for orthopedic patients both in physical and occupational therapy. [All Locations](#)

Low Back Pain Management Program

Low Back Pain (LBP) will affect between 60-80% of the population. Because recurrence of acute episodes may lead to chronic disabling LBP, the therapists at ProRehab have devoted time and resources toward understanding the factors related to recurrence. [All Locations](#)

Hand Rehabilitation

ProRehab offers expert hand rehabilitation delivered by a highly qualified staff of occupational therapists/certified hand therapists. Customized splinting, exercise programs, and job modifications are some of the tools utilized when working with hand patients. [All Locations](#)

Ideal Work Performance

ProRehab's Ideal Work Performance program will be your partner in keeping an injury-free workplace and if there is an injury, taking a positive approach to getting that person back to work as quickly and safely as possible. [All Locations](#)

Sports Medicine Outreach / Athletic Training

ProRehab offers one of the most experienced programs for the care of the injured athlete with outreach efforts that span into youth, high school, and collegiate and professional arenas. ProRehab can assist the injured player back to competition as quickly and safely as possible. [All Locations](#)

Home Health

Receive the same clinical excellence you've come to expect from ProRehab's outpatient setting in the comfort of your home. ProRehab @ Home provides a healing, relaxing environment that allows patient to recover faster from an illness, injury, or surgical procedure. [Indiana & Kentucky](#)

SPECIALTY PROGRAMS

Foot Orthotics

Our experience and knowledge of prescription footwear and orthosis enables us to always provide the patient with the best orthotics device that is custom-tailored to the prescription and the patient's needs. ProRehab's on-site lab uses the latest material, equipment, and technology for shoe modifications and inserts. [Indiana Street, First Avenue, Vincennes, & Madisonville](#)

Lymphedema Program

Our goal at ProRehab is to educate and teach each patient the skills to manage their lymphedema condition and to improve their quality of life. [Indiana Street & Vincennes](#)

Pelvic Floor Rehab

ProRehab has a physical therapy center specifically for the treatment of pain and dysfunctions affecting women. Helping women regain control over their bodies is the number one priority of care.

[Indiana Street & Madisonville](#)

Vestibular Imbalance Therapy

ProRehab has advanced treatment in dizziness and balance disorders. Our goal is to assist our physician referrals in identifying the cause of dizziness and/or balance disruption to improve our patients' quality of life and safety. [Indiana Street, Rockport, & Madisonville](#)
