

SilentWrap

SilentWrap is an acoustical barrier designed to reduce the sound transmission through walls, ceilings and floors in virtually any environment. Unlike drywall, metal or wood, SilentWrap is a flexible, yet dense polymer barrier that dampens vibrations in the structure and also reduces the transmission of airborne noises.

SilentWrap Benefits

Efficient Sound Isolation: Reduces perceived Noise Levels up to 88%. Achieve STC Levels up to 65.

- **Easy Installation** – Can be cut with a utility knife or shears and is easily installed under standard drywall, above ceilings or under carpeted or floating floors. No special tools or labor required. We provide all the accessories and supplies for installation (see the back page).
- **Cost-Effective** – Lower total cost than installing multiple drywall layers or pouring additional layers of concrete flooring
- **Green Product** – SilentWrap is made from post-industrial recycled products and is fully recyclable.

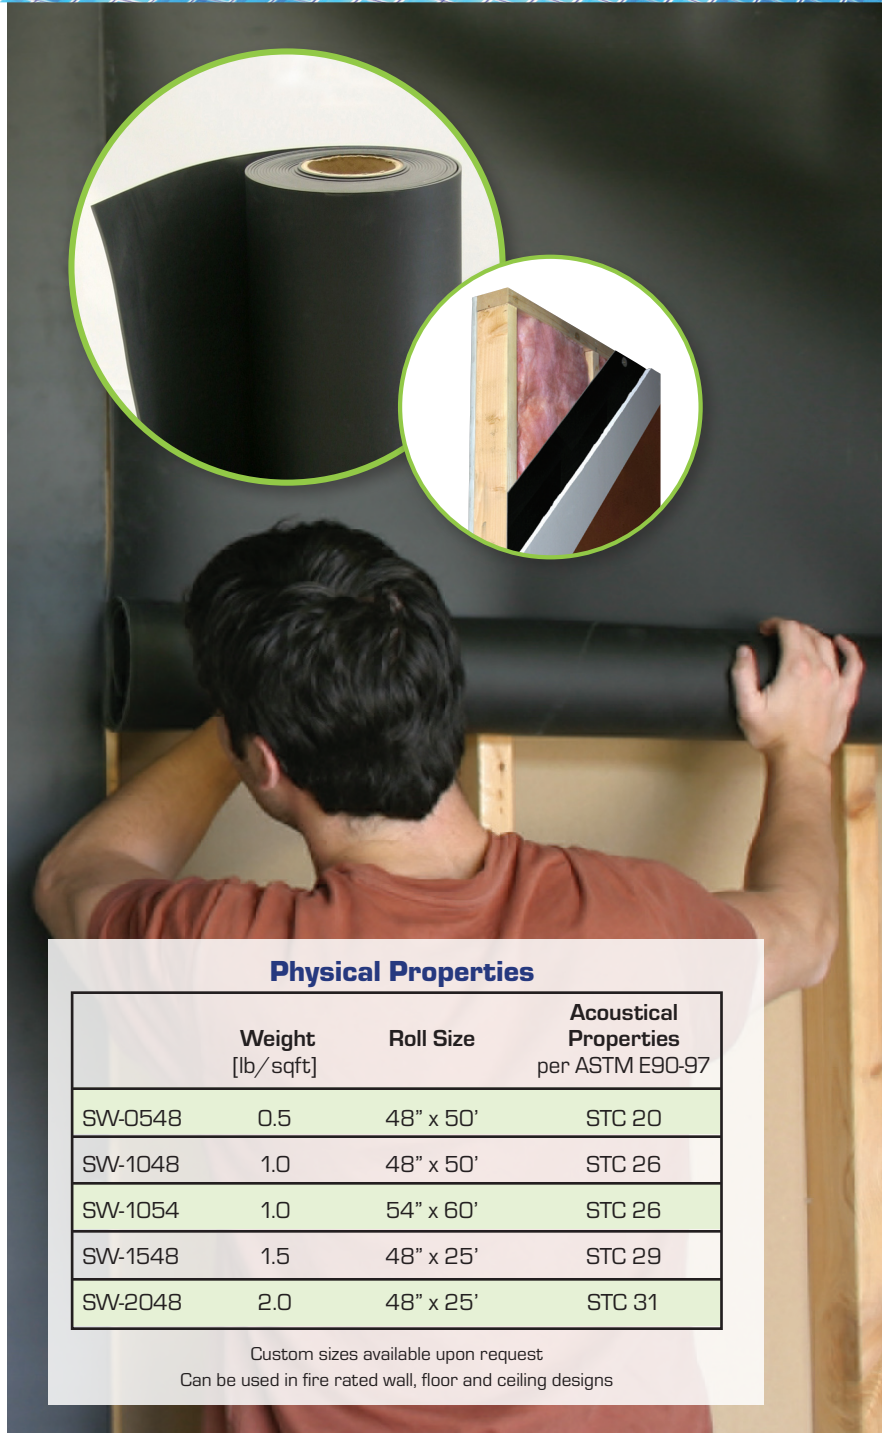

SilentWrap Applications

Residential

- Home Theaters
- Condos
- Music Rooms
- Bedrooms, Bathrooms, Basements
- Multi-Family Buildings
- Noisy Plumbing

Commercial

- Recording Studios
- Educational Facilities
- Places of Worship
- Theaters and Performing Arts
- Healthcare Facilities
- Hotels
- ...and many more

Physical Properties

	Weight [lb/sqft]	Roll Size	Acoustical Properties per ASTM E90-97
SW-0548	0.5	48" x 50'	STC 20
SW-1048	1.0	48" x 50'	STC 26
SW-1054	1.0	54" x 60'	STC 26
SW-1548	1.5	48" x 25'	STC 29
SW-2048	2.0	48" x 25'	STC 31

Custom sizes available upon request
Can be used in fire rated wall, floor and ceiling designs

Exceptional Noise Reduction Where you need it most!

ACCESSORIES & SUPPLIES

Pressure Sensitive Black Vinyl Seal Tape [AC-PT02]

Thin, strong and conformable vinyl film coated with a high grade acrylic adhesive system. Bonds well, resistant to solvents. Thickness: 6mil, Width: 2"

OSI® Acoustical Sealant [AC-AC28]

OSI® Acoustical Sound Latex Sealant is a water based sealant designed to reduce sound transmission in walls and partition systems. Sealant is non-hardening, non-staining and freeze-thaw stable. VOC compliant. 28 oz tube

SilentPutty Pads [AC-SP77]

Designed to stop hidden airborne sound leaks around electrical outlet and switch boxes. UL classified for both plastic and metal outlet boxes, SilentPutty Pads block the transmission of sound, smoke, fire and toxic gases. Size: 1/8" x 7.25" by 7.25"

Staples [AC-ST00]

Our heavy duty staples provide the most affordable and fast means of attaching SilentWrap. Available in a variety of sizes.

TOOLS

- Bostitch TB-8 Stapler
- Tape Measure
- Utility Knife or Scissors
- Straight Edge or T-Square
- Ladder or scaffolding
