

# 2go™ PAD SL10

Another innovative product from 2go™PC that's ready 2go to work, to school or wherever life takes you!

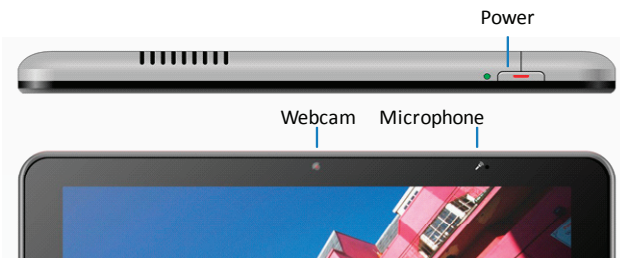

### Millions of Program Apps

Who needs an app store, when you have access to the entire catalog of Microsoft® Windows® applications? Unlike other tablets on the Market, the SL10 2goPad is a real PC, with the capability to run all your favorite programs.

### Business Class features

With an Intel® Atom® N450 processor that is up to 40% more energy efficient than previous models, a 250GBHD and 2GB of DDR2 memory, the SL10 is ready 2go™ to work.

### Stay Connected

Unlike other slate devices on the market, the SL10 2goPad has everything you need to stay connected. Two USB Ports so you can plug in a keyboard and mouse. Wifi, Bluetooth, even a wired 10/100 network connection, and a VGA port to connect to an external monitor. With the SL10, you are always connected

## 2go™ PAD SL10

### Fully Functioning Flash Video Player

Youtube, Netflix, Hulu and all your favorite video sites are at your fingertips. The 2goPad is also fully compatible with HTML5 video, and even can connect to an external display, with no expensive adapters to buy.

### Built In eReader

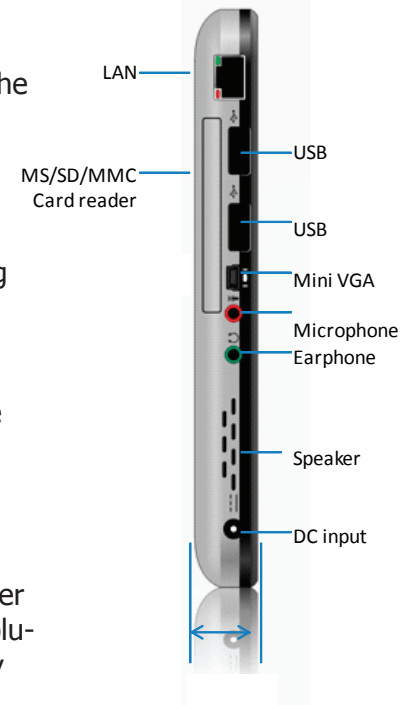

The 2goPC SL10 is compatible with ebooks and Kindle for PC software allowing you to have a device that is a digital reader and so much more.

### Multi Task with Ease

The 2goPC SL10 is a fully functional computer. It allows you to work in multiple programs at once to maximize your productivity. The SL10 also supports flash, allowing you to access most of the video content on the web.

### Webcam Increases Communication Ability

Just because you're far apart doesn't mean you can't be in the same room. Enter the world of online communication and take advantage of the built-in high resolution 1.3 megapixel video camera to participate in a video conference, or simply chat with your friends face-to-face.
