# Torii's Summer Adventure

Hi, my name is Torii.

I am a Golden Retriever and I live in northern Wisconsin where there are lots of trees and lakes. I love to go on outdoor adventures in the woods anytime of the year. I've gone on many fun adventures in the spring, summer, fall, and even winter.

My family likes to take pictures of me while I'm on my adventures. They even made me a photo album of my very own so I can remember all the fun I've had. I'm looking at it right now.

Let me show you what I looked  
like when I was a puppy and tell  
you a little about myself.

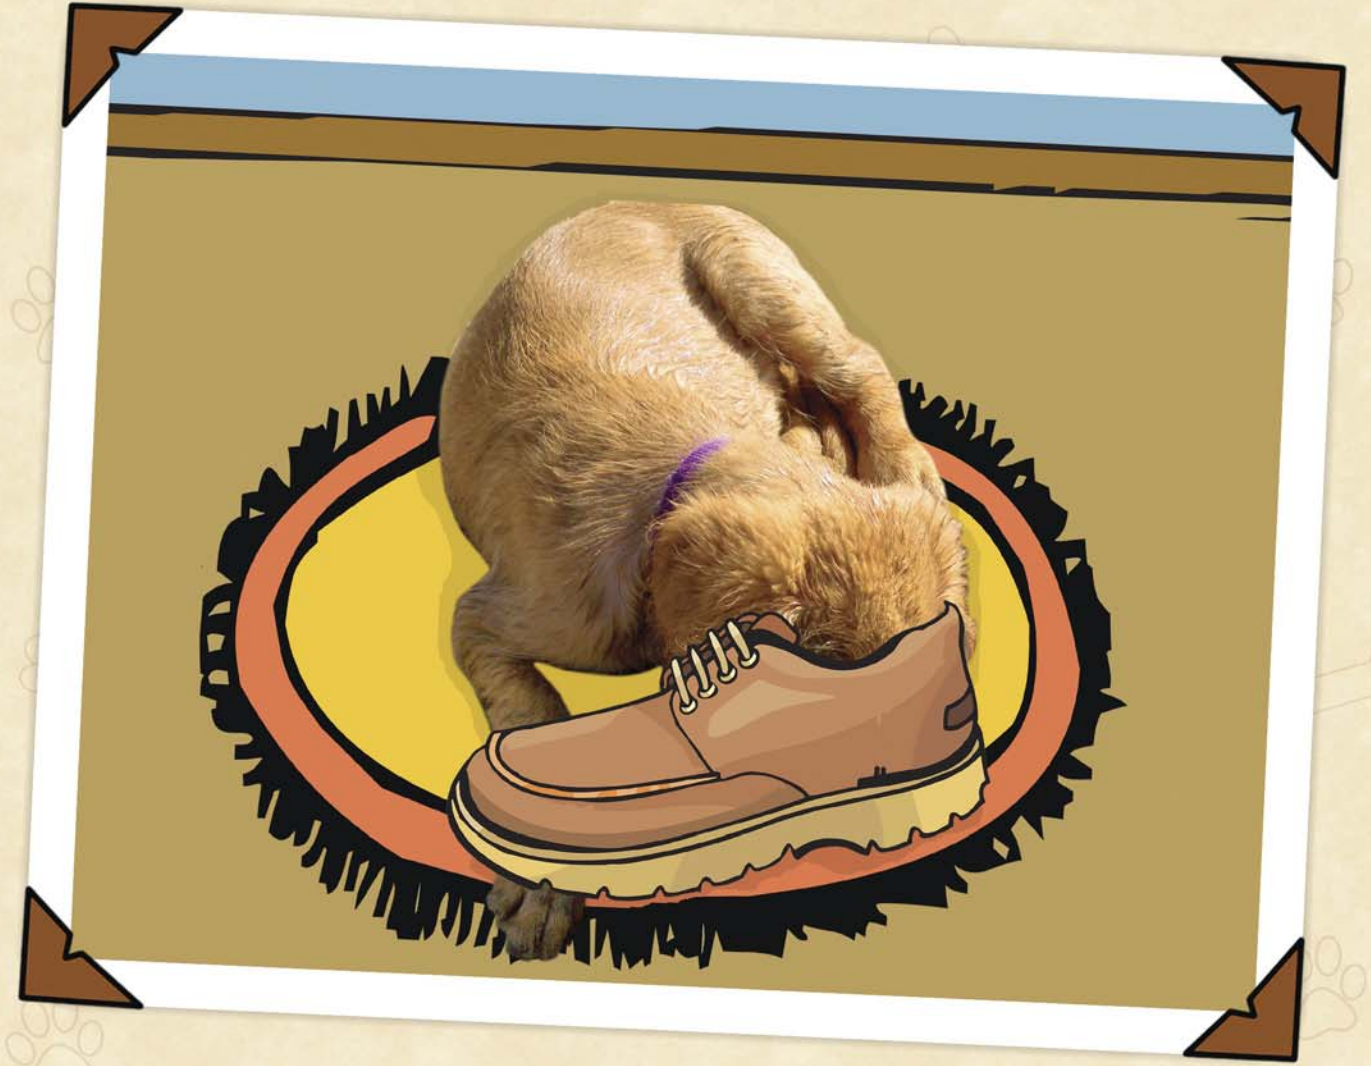

Then I will show you a few  
pictures from one of my summer  
adventures at the lake.

I came to live with my family  
when I was only six weeks old.  
They thought I was really cute, but...

I got in trouble a lot back then.  
I liked to chew on things...

especially things that weren't mine!

Now I am two years old and all grown up.  
I don't get in trouble anymore.
