

Systemation's Certificate and Attendance Process

Comparison of old process to new iPad solution

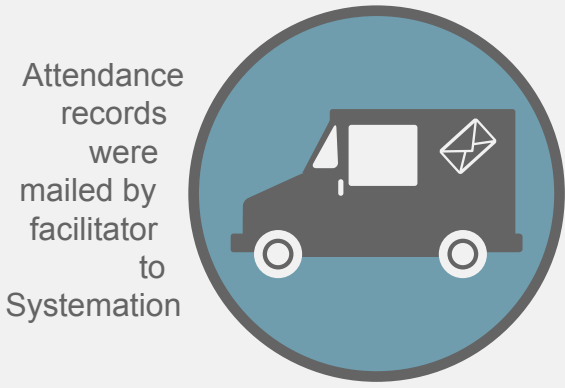

Leveraging the portability and ease of use of the Apple iPad, Systemation's new certificate process provides a more efficient, green, and high-tech way for workshop participants to enter and record attendance and receive completion certificates.

Old Way

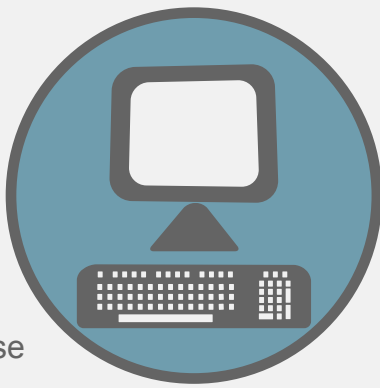

New Way

Workshop participants filled out paper version of attendance record & workshop evaluation

Attendance records were mailed by facilitator to Systemation

Systemation employee entered data from attendance record into Systemation database

Systemation employee printed, packaged, & mailed certificates to point of contact at client

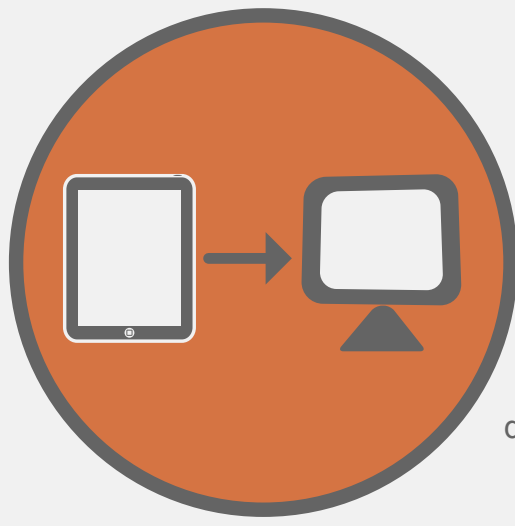

Point of contact at client was responsible for distributing individual certificates to workshop participants

Workshop participants enter their name & email address on the first day of workshop into Apple iPad. Then sign in each subsequent day of workshop

NO PAPER USE | NO SHIPPING

After the workshop has completed, data is submitted directly to Systemation's database

NO DATA ENTRY ERRORS | NO PRINTING

Participant receives email with link to fill out workshop evaluation.

Once completed, participant is provided with printable electronic version of completion certificate

NO SHIPPING | NO WAITING | NO DISTRIBUTING
