INCRYS
Your Business Success

Who We Are

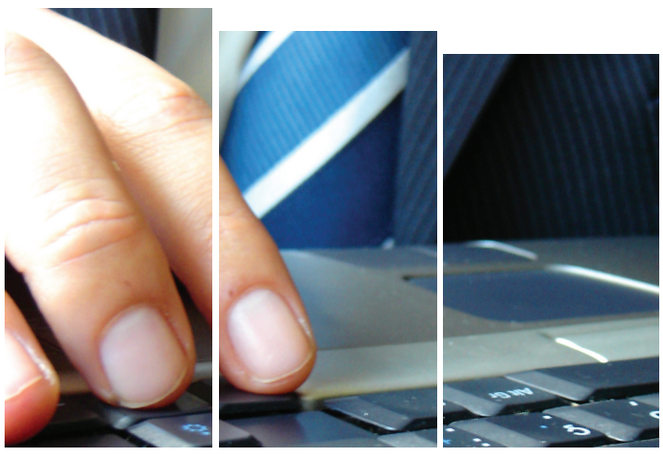
InCrys is a provider of complete Consulting and IT Services, founded in 2000. Headquartered in Bucharest, Romania, we deliver state-of-the-art services for clients in Western Europe, USA and Canada.

The services and solutions offered by InCrys contribute significantly to the business success of its clients, by providing them the best results in the following areas:

- **Consulting**
- **Application Outsourcing**
- **IT Support Outsourcing**
- **Hardware & Networking Solutions**

We grow and extend the array of our services every year, to bring you more added value for your IT. Due to the certifications obtained by our specialists, we became **IBM Advanced Business Partner** in 2010.

InCrys is your best offshore outsourcing company, because it combines excellent language skills and extensive work experience, with usage of the latest technology and compliance to international standards.



Increase your business success with unmatched outsourcing services!

Your Business Success

Consulting

Discover and enhance your business potential!

The success of your IT projects determines all our consulting endeavors. Our services focus on understanding your business processes and objectives correctly, to help you **achieve your full business potential.**

Working with us will bring you a twofold value: you will always know what the best IT alternatives are, and you will be able to seize all business opportunities.
Our team of professionals will:

- **Evaluate the existing applications and infrastructure**
- **Identify your needs and requirements**
- **Draw the solution architecture**
- **Identify solution risks, opportunities and dependencies**
- **Design and document the solution**
- **Deliver the agreed solution**
- **Provide training for your internal team**

Our strong points are your benefits:

- **Pro-active involvement**
- **Permanent improvement suggestions**
- **Real-time information on latest best practices**
- **Strong dedication, support and answers to all your questions**

No project is too complex or difficult for us, so benefit from our expertise to grow your business!

INCRYS
Your Business Success

Application Outsourcing

Outsource your projects to a company you can trust to deliver good results on time & budget!

Working with Incrys means **lower costs, better product quality, solutions delivered in record time** and **within the given budget.**

Application Development

- **Improve quality, reduce development costs,** and **leverage the newest technologies** to reach business objectives
- Get the **product to market faster**, with **fewer defects**, and with overall **reduced costs**
- Benefit from best practices, to have a **smooth and efficient development process**

Application Maintenance

- Benefit from **adaptive, corrective, preventive** and **perfective** software maintenance
- Get **minimized software down-time, reduced costs, improved application stability**

Testing & QA

- Access testing services that work perfectly for **stand-alone, client/server** or **web-based applications**
- Benefit from **bug-free, stable software, working flawlessly on different PCs**
- Give **increased customer satisfaction**

Software Packaging Services

- **Manage all essential desktop applications**
- **Reduce** the necessary **time to test and deploy** software
- Get packaged software for deployment to **any Windows workstation or laptop** in **any location**, from any location
